

LANE TRANSIT DISTRICT BOARD OF DIRECTORS REGULAR MEETING

Wednesday, September 18, 2019 5:30 – 7:30 p.m.

LTD Board Room

3500 E. 17th Avenue, Eugene (Off Glenwood Blvd. in Glenwood)

AGENDA

		_					
<u>Time</u>		ITEM	<u>Page</u>				
5:30 p.m.	I.	CALL TO ORDER					
5:31 p.m.	II.	ROLL CALL					
		 □ Carl Yeh (President) □ Don Nordin (Treasurer) □ Caitlin Vargas □ Steven Yett □ Emily Secord 					
5:32 p.m.	III.	COMMENTS FROM BOARD PRESIDENT					
		This agenda item provides an opportunity for the Board president to formally communicate with the Board on any current topics or items that may need consideration.					
5:34 p.m.	IV.	COMMENTS FROM THE GENERAL MANAGER					
		This agenda item provides an opportunity for the general manager to formally communicate with the Board on any current topics or items that may need consideration.					
5:36 p.m.	V.	ANNOUNCEMENTS AND ADDITIONS TO AGENDA					
		This agenda item provides a formal opportunity for the Board president to announce additions to the agenda, and also for Board members to make announcements.					
5:38 p.m.	VI.	BOARD CALENDAR					
		Board members are asked to coordinate the Board activity calendars with their personal calendars for discussion at each Board meeting. Board members are also asked to contact the Clerk of the Board with any changes in availability for LTD-related meetings and events, and to provide their vacation dates.					
5:40 p.m.	VII.	EMPLOYEE OF THE MONTH - OCTOBER	4				
5:45 p.m.	VIII.	AUDIENCE PARTICIPATION					
		• <u>Public Comment Note:</u> This part of the agenda is reserved for members of the public to address the Board on any issue. The person speaking is requested to sign-in on the audience participation form. When your name is called, please step up to the podium and state your name, city of residence, and who you are representing for the audio record. If you are unable to utilize the podium, you may address the Board from your seat.					

- Community member testimony is limited to three (3) minutes.
- IX. PUBLIC HEARING: NONE

5:55 p.m. X. BOARD MEMBER REPORTS

This report provides an overview of the topics that have been covered at all Board subcommittees, Community Advisory Committees, and local governmental and stakeholder committees that Directors have attended since the previous months Board meeting. Directors also provide more in-depth verbal updates. 5

AGENDA ITEM SUMMARY

DATE OF MEETING:	September 18, 2019
ITEM TITLE:	SEPTEMBER EMPLOYEE OF THE MONTH
PRESENTER:	Robin Mayall, Information Technology Director

BACKGROUND: Steve Parrott has been selected to receive the September 2019 Employee of the Month (EOM) award. Steve is the District's Intelligent Transportation Systems Manager and was hired in April of 1999. During his time at LTD, he has been nominated for eight monthly value awards, and was the Employee of the Month in March 2004. Steve volunteers and takes part in many LTD activities. He is a member of the Leadership Council; represents LTD at the Public Agency Network Executive Committee and the Lane Utilities Coordinator Council; and has been LTD's Bus Roadeo Greenhorn Champion for several years running.

Recently, Steve was nominated for this award for his work in the implementation of the TouchPass Fare Collection project. LTD had a tough deadline to make for the system to launch on August 1. To make that timeline, 112 Touchpass validators needed to be installed on the buses, and could only be installed at night when the vehicles were not in service. For the first three weeks of July, Steve not only worked his day job, but he was here in the late hours of the night and early hours of the morning working with the installation crews to ensure that all of the installations were complete and operational.

When asked to comment on Steve's selection as EOM, his supervisor IT Director Robin Mayall said:

For many years, Steve has worked over and above his current job duties, and regularly puts in long hours to make sure a job is done right. His incredible work ethic, his dedication to LTD, and his professionalism means that he never lets a job go undone, or be done to less than his own high standards. He consistently brings his best self to the job, and represents LTD in the civic and business community.

AWARD: Steve will attend the September 18 meeting to be introduced to the Board and to receive his award.

AGENDA ITEM SUMMARY

ACTION REQUESTED:	None. Information Only
PREPARED BY:	Camille Gandolfi, Clerk of the Board
ITEM TITLE:	BOARD MEMBER REPORTS
DATE OF MEETING:	September 18, 2019

BACKGROUND: The Lane Transit District Board of Directors has several subcommittees and Community Advisory Committees in which Directors are assigned to attend as representatives of the Board. Directors also are assigned to represent the District at a variety of local governmental and stakeholder committees. This report provides an overview of the topics covered at all Board subcommittees, Community Advisory Committees, and local governmental and stakeholder committees, and local governmental and stakeholder committees that Directors have attended since the previous months Board meeting. Directors also provide more in depth verbal updates during Board meetings.

The following activities have occurred since the last Board meeting:

<u>MEETINGS HELD</u>: Board members may take this opportunity to report briefly on any one-on-one meetings they have held with local officials or other meetings that they have attended on behalf of LTD.

- <u>Strategic Planning Committee (SPC)</u>: This committee generally meets monthly and is composed of Board Members Carl Yeh and Emily Secord, members of local units of government, and community representatives. At the September 3 meeting, committee members received updates on the Greenhouse Gas Inventory report; the MovingAhead project; the Main-McVay Transit Study; and the EmGo launch.
- 2. <u>Metropolitan Policy Committee (MPC)</u>: Board members Kate Reid and Carl Yeh are LTD's MPC representative; the alternate Board member is Steven Yett; General Manager Aurora Jackson is the District's ex-officio attendee. MPC meetings are held on the first Thursday of each month. At the September 5 meeting, committee members discussed the Metropolitan Transportation Improvement Program Amendment; the Title VI Committee Survey; received an update from the Lane County Sheriff; discussed May bike month; and received an update from the Metropolitan Cable Commission.
- LTD Board Finance Committee: The Board Finance Committee is composed of Board Members Carl Yeh, Emily Secord, and Joshua Skov. The committee meetings are scheduled for the second Monday of each month. At the September 9 meeting, committee members reviewed contracts to be presented to the Board for approval.
- 4. Lane Area Commission on Transportation (LaneACT): In 2009 the Oregon State Legislature directed Lane County to develop an Area Commission on Transportation (ACT). Commission membership includes representatives from Lane County, cities within the county, LCOG, and LTD, and meets on the second Wednesday of the month. Board Member Don Nordin serves as LTD's representative on the LaneACT. At the September 9 meeting, committee members received a presentation from the confederated tribes of the Coos, Lower Umpqua, and Siuslaw Indians; received an ODOT Director recruitment update; discussed regional transportation vision, needs, and priorities; and received an update on Florence public facilities.

NO MEETINGS HELD:

- <u>LCOG Board of Directors</u>: LTD Board Member Don Nordin represents LTD on the LCOG Board of Directors as a non-voting member; Board Member Caitlin Vargas is the alternate. The next meeting is scheduled for September 26.
- <u>LTD Board Budget Committee:</u> The Budget Committee is composed of all seven Board members and seven citizen members. The Budget Committee meets multiple times a year to give guidance regarding LTD's annual budget. Each LTD Board member selects one citizen member to fill a term of three years. The next meeting is scheduled for October 2.
- 3. <u>Oregon Metropolitan Planning Organization Consortium (OMPOC)</u>: The Oregon Metropolitan Planning Organizations (MPO) Consortium was formed on May 25, 2005, as a forum for MPOs to work together on matters

of mutual interest and statewide significance. LTD Board Member Kate Reid attends the committee meetings as LTD's representative. The next meeting is scheduled for October 11.

- 4. <u>LTD Pension Trust Committee</u>: LTD's two pension plans (one for ATU-represented employees and one for administrative employees) are each governed by a board of trustees. The pension trustees generally meet three times a year, and Board Member Steven Yett serves as one of the trustees. The next meeting is scheduled for November 12.
- 5. <u>Main Street Projects Governance Team</u>: This committee was formed to provide informed direction and collaborative decision making to support the Main Street-McVay Transit Study and four other concurrent projects along Main Street in Springfield. Board Members Steven Yett and Kate Reid serve as LTD's representatives on this committee. The next meeting has not been scheduled.
- 6. <u>Comprehensive and Accessible Transportation Committee (CATC)</u>: Board Members Carl Yeh, Don Nordin, and Caitlin Vargas represent the LTD Board on this committee. The next meeting has not been scheduled.
- MovingAhead Oversight Committee: This committee is composed of representatives from the City of Eugene, LTD, and regional partners with the goal of a system-level approach to corridor improvements. LTD Board member's Don Nordin and Carl Yeh serve as LTD's representative on this committee. The next meeting has not been scheduled.
- 8. <u>Vision Zero Task Force</u>: The City of Eugene, as part of its Vision Zero implementation, has developed a Vision Zero Task Force. Board Member Joshua Skov has been appointed the LTD representative to the Task Force. The next meeting has not been scheduled.
- 9. <u>Ad Hoc Fare Policy Committee</u>: This is an ad hoc committee that has been created for the purpose of reviewing the District's fare system. The committee is composed of Board members Kate Reid, Carl Yeh, and community representatives. The next meeting has not been scheduled.
- <u>Ad Hoc Communications Committee</u>: This is an ad hoc committee that has been created for the purpose of reviewing the District's communications. The committee is composed of Board members Kate Reid, Joshua Skov, and Caitlin Vargas. The next meeting has not been scheduled.
- 11. <u>State Transportation Improvement Fund (STIF) Committee</u>: The Committee is administered by LCOG. The Committee will meet a minimum of two times per year, or a sufficient number of times to advise the LTD Board of Directors regarding its review of project proposals and the STIF Plan. The committee, in accordance with state law, is composed of 14 members with eight (8) members representing in-district communities, two (2) members representing out-of-district communities, and three (3) ex-officio (non-voting) members; the ex officio LTD Board members are Kate Reid and Carl Yeh. The next meeting has not been scheduled.
- 12. <u>Special Transportation Fund (STF) Committee</u>: The Committee will meet a minimum of two times per year, or a sufficient number of times to advise and assist the Board in carrying out the purposes of the Special Transportation Fund for the elderly and people with disabilities Transportation Operating Grants Program. The committee is composed of local community member representatives in accordance with state law; the ex officio LTD Board member is Don Nordin. The alternate ex-officio LTD Board member is Emily Secord. The next meeting has not been scheduled.

AGENDA ITEM SUMMARY

September 18, 2019
CONSENT CALENDAR
Camille Gandolfi, Clerk of the Board
Adoption

BACKGROUND: Items for approval that can be explained clearly in the written materials for each meeting, and not expected to draw public testimony or controversy, are included in the Consent Calendar for approval as a group. Board members can remove any item from the Consent Calendar for discussion before the Consent Calendar is approved each month.

The Consent Calendar for September 18, 2019, consists of:

- Approval of the Minutes of the August 21, 2019, Regular Board Meeting
- Approval of Delegated Authority Report AUGUST
- Approval of Declare a Need for Property: Green Lane Corner Improvement
- Approval of Drug and Alcohol Policy Revision

ATTACHMENT:

- 1) Minutes of the August 21, 2019, Regular Board Meeting
- 2) Delegated Authority Report AUGUST
- 3) Declare a Need for Property: Green Lane Corner Improvement
- 4) Drug and Alcohol Policy Revision

PROPOSED MOTION: I move adoption of LTD Resolution No. 2019-09-18-051; It is hereby resolved that the Consent Calendar for September 18, 2019, is approved as presented [amended].

MINUTES OF DIRECTORS MEETING

LANE TRANSIT DISTRICT

REGULAR BOARD MEETING

Wednesday, August 21, 2019

Pursuant to notice given to *The Register-Guard* for publication on August 16, 2019, and distributed to persons on the mailing list of the District, the Board of Directors of the Lane Transit District held a regular Board meeting on Wednesday, August 21, 2019, beginning at 5:30 p.m., at the LTD Board Room, 3500 E. 17th Avenue, Eugene, Oregon.

Present: Carl Yeh, President Kate Reid, Vice President Don Nordin, Treasurer Josh Skov, Secretary Emily Secord Caitlin Vargas Steven Yett A.J. Jackson, General Manager Kristin Denmark, General Counsel Camille Gandolfi, Clerk of the Board

CALL TO ORDER/ROLL CALL — Mr. Yeh convened the meeting and called the roll.

PRELIMINARY REMARKS BY BOARD PRESIDENT — Mr. Yeh announced he had downloaded LTD's new TouchPass applications and demonstrated its ease of use. He said the application was launched at the beginning of the month and there had been over 1,000 downloads and 3,000 uses to date. He encouraged Board members to download the application.

Mr. Skov asked when the application would be available to students and other group pass subscribers. Director of Specialized Services Cosette Rees said tap cards would be rolled out in October and by the end of the calendar year, non-profits and other group pass organizations would have access.

COMMENTS FROM THE GENERAL MANAGER — Ms. Jackson said the employee picnic had been well attended and employees and their families enjoyed themselves. She thanked Ms. Vargas for attending and participating in the activities.

ANNOUNCEMENTS AND ADDITIONS TO THE AGENDA — Mr. Skov asked for some time on the agenda to discuss climate change and sustainability.

BOARD CALENDAR — Ms. Jackson reviewed upcoming events on the Board's calendar. She said EmGo service would be launched on August 26 and the vehicle would be on display at Market Fest during the preceding weekend. She noted there was a confirmed Board work session on September 16 at 4:00 p.m. and a Budget Committee meeting was scheduled for October 2, 2019.

EMPLOYEE OF THE MONTH – SEPTEMBER — The Board recognized Bus Operator Wade Johnson as the September 2019 Employee of the Month. Mr. Yeh presented Mr. Johnson with his award and thanked him for his outstanding service and dedication to LTD's mission. Mr. Johnson thanked the Board for his award. He said his job with the District was the answer to his prayers and he appreciated the focus on teamwork and safety at LTD.

AUDIENCE PARTICIPATION — Mr. Yeh explained the procedures for providing public testimony.

Jean Murphy, Eugene, a member of Raging Grannies, said she had taken three buses and EmX to the meeting and was discouraged because she was almost the only passenger on the buses. She said her group was concerned with climate change, or climate catastrophe as they called it. She noted that even though group members qualified for free bus passes, many did not use transit. She said some members had legitimate reasons; others did not. She said she was a little cynical about her generation, but young people should be encouraged to ride the bus.

Robin Bloomgarden, Eugene, said she was a member of 350 Eugene working to reduce use of fossil fuels. She said she did not use a cell phone and was unfamiliar with the technology discussed earlier in the meeting. She stated that she did use the bus when convenient, but could not walk far. She said mass transit was a huge part of the solutions to housing and climate emergencies. She said she hoped LTD would use 350 Eugene as a resource in planning and implementation of a world-class transit system that worked well for citizens of Lane County, especially low-income citizens in far-flung areas. She noted the major event occurring in 2020 and 2021 and the resulting influx of vehicles and congestion. She suggested closing some streets at certain times and using large and small transit vehicles to ferry hotel guests to event locations, reducing both congestion and CO^2 emissions.

Dale Myers, Eugene, raised issues concerning the collection of self-employment taxes. He stated that he discussed his problems with LTD General Manager Aurora Jackson, who concurred with him that his treatment by the Oregon Department of Revenue (DOR) had been unfair. He asserted that DOR engaged in a pattern of predatory practices of tax collection, practiced selective enforcement, and incentivized bad behavior of their representatives. He said Ms. Jackson sympathized with his plight and offered to help correct the situation, which he described as an illegal interpretation of tax law that said he owed taxes. He said LTD had taxation authority under state statutes and could administer and collect its own taxes, but chose to enter into an agreement with DOR. He asserted that LTD had a duty of care and failed to protect taxpayers from its agent, DOR. He submitted a written copy of his remarks.

Rob Zako, Eugene, representing Better Eugene-Springfield Transportation (BEST), spoke to policy decisions versus implementation decisions. He gave the example of the City of Eugene's Envision Eugene initiative that would determine how the city would grow. He said that was a major decision that the City Council did not want to make on its own and engaged citizens over time on developing strategic policy decisions that created a vision for the community. He said LTD was making decisions about its fleet of vehicles and propulsion methods, but not having a public hearing on that topic. Fleet decisions could be about greener buses in the future, or about current financial resources. He said the LTD Board and Eugene City Council were holding a hearing on MovingAhead on October 21 and BEST was forced to speed its process for making recommendation. He asked if the decision was strategic or tactical, or was the decision asking

the community about its vision for the future or about more implementation and technology. He said the decision was about both and BEST would provide recommendations to the Board at its next meeting. The recommendations would be more technical as policies adopted by the City and LTD established a fairly clear vision.

BOARD MEMBER REPORTS — Ms. Reid reported that the Main Street Governance Team had officially removed EmX as a transit option for the project; remaining options were enhanced corridor or no build. She said the Oregon MPO Consortium (OMPOC) received a presentation on the Americans with Disabilities ACT settlement, as well as updates on Oregon Department of Transportation (ODOT) and Oregon Transportation Commission (OTC) activities. The 2020 OMPOC conference would probably be held in Eugene.

Mr. Nordin reported that the LaneACT (Area Commission on Transportation) received an update on ODOT's search for a new director. He said a list of three finalists had been identified and the LaneACT would have an opportunity to participate in the selection process. He also reported on a 350 Eugene meeting he had attended and commended LTD's Sustainability Program Manager Kelly Hoell for her presentation.

Mr. Yeh thanked Board members for the time they spent serving on committees for LTD and partner agencies.

ITEMS FOR ACTION AT THIS MEETING

Consent Calendar — Ms. Denmark asked that Item No. 4, Board Member Expense Report: Carl Yeh be removed from the Consent Calendar.

Mr. Skov asked that Item No. 1, Minutes from the July 17, 2019, Board Work Session be removed from the Consent Calendar.

- MOTION Ms. Second moved to remove the Board Member Expense Report: Carl Yeh, and Minutes from the July 17, 2019, Board Work Session from the Consent Calendar. Ms. Reid provided the second.
- VOTE The motion was approved as follows: AYES: Nordin, Reid, Secord, Skov, Vargas, Yeh, Yett (7) NAYS: None ABSTENTIONS: None EXCUSED: None
- MOTION Mr. Skov moved adoption of LTD Resolution No. 2019-08-21-040: It is hereby resolved that the Consent Calendar for August 21, 2019, is approved as amended. Mr. Nordin provided the second. The Consent Calendar consisted of the Minutes of the July 17, Regular Board Meeting; Delegated Authority Report-August; CATC Bylaws; Intergovernmental Agreement No. 2019-41: City of Eugene Downtown Mobility on Demand Pilot Project Partnership; Contract No. 2019-17: Lamar Advertising; Contract No. 2019-78: RideZero, LLC; and Contract No. 2019-12: Raymond Handling Concepts Corporation.

MINUTES OF LTD REGULAR BOARD MEETING AUGUST 21, 2019

Mr. Skov stated that the Finance Committee had a lengthy discussion of the three contracts included on the Consent Calendar. He said the contracts were not small, but they were all extensions of policy decisions that the Board had already made. He said he felt it was important for the Board to know that the Finance Committee closely scrutinized the contracts that were presented to it before making its recommendations to the Board.

Ms. Reid suggested that a report from the Finance Committee could occur under the agenda item Board Member Reports. Mr. Yeh concurred with the suggestion.

Mr. Skov said it was not clear to new members of the Finance Committee what the role of the committee was. He noted that occasionally the committee's recommendations had been questioned at Board meetings and wanted to assure members the committee was providing careful oversight.

VOTE The motion was approved as follows: AYES: Nordin, Reid, Secord, Skov, Vargas, Yeh, Yett (7) NAYS: None ABSTENTIONS: None EXCUSED: None

Ms. Denmark explained that Mr. Yeh's expense report was removed from the Consent Calendar so that action on it could be taken separately to avoid a conflict if Mr. Yeh voted on the item. This would be the practice in the future for Board members' expense reports to allow the subject member to abstain.

- MOTION Ms. Second moved to approve Board Member Expense Report: Carl Yeh. Mr. Skov provided the second.
- VOTE The motion was approved as follows: AYES: Nordin, Reid, Secord, Skov, Vargas, Yett (6) NAYS: None ABSTENTIONS: Yeh (1) EXCUSED: None

Mr. Skov clarified that his comments in the last paragraph of the July 19, 2019, Board Work Session minutes should read "...the District had often been deferential to land use *decisions by agencies in charge of land use, specifically the cities,* and..."

- MOTION Ms. Second moved to approve the Minutes of the July 19, 2019, Board Work Session as amended. Mr. Skov provided the second.
- VOTE The motion was approved as follows: AYES: Nordin, Reid, Secord, Skov, Vargas, Yeh, Yett (7) NAYS: None ABSTENTIONS: None EXCUSED: None

General Manager Performance Evaluation — Mr. Yeh stated that the Human Resources Committee evaluated the general manager based on metrics, standards, and goals established in the previous year. The evaluation was favorable and the committee was recommending a merit increase of 3.5 percent, retroactive to July 1, 2019.

In response to a question from Mr. Yett, Ms. Denmark explained that Ms. Jackson's contract called for a 3 percent increase in salary from the previous year. The contract also provided for an additional merit increase from zero to 5 percent. Based on its qualitative evaluation, the Human Resources Committee was recommending a merit increase of 3.5 percent. She noted that a memorandum and chart she provided to the Board set for the specific goals and scoring by each committee member and details of the salary recommendations and related votes. She said the committee also had recommendations regarding changes to the general manager evaluation process in the future.

Mr. Yeh said the committee was not unanimous on whether performance met or exceeded expectations under each goal, but in general the evaluation was favorable. He said he had participated in a number of general manager reviews over the years and the feedback from community members he had interviewed during this process had been the most favorable he had ever received. He commended Ms. Jackson for her efforts. He said a baseline had also been established for the goal related to American Bus Benchmarking Group (ABBG) standards, which would be helpful in future evaluations.

Ms. Vargas said the committee did not take its responsibilities lightly and worked on the evaluation over the course of four meetings.

In response to a question from Mr. Skov, Mr. Yeh clarified that if the Board accepted the committee's recommendations, future general manager evaluations would be conducted by the full Board instead of the Human Resources Committee.

Ms. Secord asked if the recommended salary increase was within the current budget. Mr. Yeh said it was.

Ms. Denmark said minutes from the committee's executive session were held in her office and available to Board members.

MOTION Ms. Reid moved adoption of LTD Resolution No. 2019-08-21-048: It is hereby resolved that the LTD Board of Directors approves the HR Committee recommendation of a favorable evaluation with a merit increase of 3.5 percent, retroactive to July 1, 2019, as presented. Mr. Skov provided the second.

Mr. Skov remarked that the evaluation process was not transparent from the perspective of Board members who were not on the Human Resources Committee.

Ms. Vargas said that was the reason for the committee's recommendations, which were the next order of business on the agenda. She said the committee recognized that the full Board should be involved in evaluating its only employee, but there was not enough time to make that procedural change and still complete the evaluation in a timely manner this year. Ms. Denmark

added that the Board was contractually obligated to complete the evaluation by July 1, or as soon thereafter as was reasonably possible.

Mr. Skov said he felt it was important for the Board to hear the feedback from community members that were interviewed. LTD had a number of large projects under way that required engagement of and support from the community. Mr. Yeh replied that community outreach had been a high priority for the previous Board and it was a difficult thing to evaluate as time spent was not a sufficient measure. The important issue was what type of impact that community outreach would have on LTD's future projects. He said Ms. Jackson had shone in that area and he felt her efforts would pay dividends for LTD in the future as projects moved forward.

Ms. Denmark said information about the questions posed during interviews with community members and a summary of results were provided in her memorandum.

Mr. Skov called the question.

VOTE The resolution was adopted as follows: AYES: Nordin, Reid, Secord, Skov, Vargas, Yeh (6) NAYS: None ABSTENTIONS: Yett (1) EXCUSED: None

Human Resources Committee Recommendation — Mr. Skov asked why the general manager evaluation process was conducted by a three-member committee of the Board. Ms. Denmark said that had been the practice for many years.

Ms. Secord asked if the committee had any other functions. Ms. Denmark said the committee's only purpose was to evaluate the general manager's performance and negotiate terms of the general manager's employment contract. She said the Board could delegate a discrete function of the process, such as contract negotiations, to an ad hoc committee if it did not want to do that as a full Board. Director of Human Resources David Collier said in the past the Human Resources and Finance committees had worked together when the pension plans were being revised.

Mr. Skov asked if the committee had an estimate of the amount of time involved in the evaluation process. Ms. Jackson said the work of the committee, including establishing goals for the current year, was challenging and would require scheduling Board meetings to work on that issue. She noted that two months of the new year fiscal year had already gone by.

Mr. Skov asked Board members to keep in mind that acceptance of the committee's recommendation would require several work session.

Mr. Yett said that work needed to occur in the short term rather than later in the year.

Ms. Jackson stressed the importance of establishing new goals as soon as possible so she could focus her efforts in areas of priority to the Board and align the District's work with those goals.

Ms. Vargas expressed concern with some of the existing goals and said part of the committee's discussion was about the need to involve the full Board in developing goals for the general manager.

Mr. Yeh said Board's change and while the previous Board was comfortable delegating the evaluation process to a committee, the current Board wanted to be fully involved.

- MOTION Mr. Skov moved adoption of LTD Resolution No. 2019-08-21-049: It is hereby resolved that the LTD Board of Directors approves the HR Committee recommendations to dissolve the HR Committee and establish a new process for the general manager's annual evaluation process as presented. Mr. Yett provided the second.
- VOTE The resolution was adopted as follows: AYES: Nordin, Reid, Secord, Skov, Vargas, Yeh, Yett (7) NAYS: None ABSTENTIONS: None EXCUSED: None

Transit Tomorrow: Advancement of Proposed Network for Further Study and Implementation — Director of Planning and Development Tom Schwetz said the Board was being asked for direction to proceed with planning and implementation of the proposed transit network. He said the background and history of the Transit Tomorrow process were set forth in the agenda materials.

Mr. Yeh stated that the Strategic Planning Committee (SPC) expressed support for the proposed network overall and recommended that implementation include a thoughtful process and communication strategy that promoted the positive aspects of proposed changes. He said the SPC discussed the merits of rolling out network changes all at once as compared to a phased approach over two years, with primary changes occurring in the first year. Both approaches were accepted, but most advocated for changes to be implemented quickly with the guidance that changes and timing of changes be clearly articulated to stakeholders. He said there was a lengthy and thoughtful discussion by the committee of this significant change to the system in many years. He said he was pleased with the SPC's support and suggestions.

Ms. Secord added that the SPC also stressed the need to emphasize the new network's benefits to the community and acknowledge there would be a loss for some people. The community was asking quick and efficient mass transit with ridership and full buses. She noted that a phased approach tended to be favored by those who would lose coverage, but they were still supportive of the changes. She said there was a lot of support for additional evening and weekend service.

Mr. Yeh observed that the new network should operate more efficiently, have greater ridership, and support the community's climate goals. He said he was one of those losing service and there was a commitment from the District to mitigate those losses when viable options were available.

Mr. Skov encouraged Board members to read Jarrett Walker's account of changes to the Houston, Texas transit network and how impacts of an all at once implementation could be

mitigated. He said he favored the all at once approach as a phased approach would make it difficult to evaluate the performance of a ridership network.

Ms. Second said the SPC discussed the potential fiscal impacts of stretching implementation of a new network over an extended time and preferred changing all at once, even though it had its own drawbacks.

Mr. Schwetz said staff recommended the pace of implementation be done as quickly as reasonable, but be primarily informed by the detailed operational and service analyses that would occur during the initial phase of implementation planning. He said that could occur over the course of two or three bids. He noted the 2020 games would occur during the summer and LTD might consider rolling out the Main Street and EmX changes in the summer bid, with additional changes in the fall bid and the remainder in the winter bid.

In response to a question from Ms. Reid, Mr. Schwetz said staff would consider initial implementation of changes on the outskirts where coverage would be lost, to determine if some of the remaining routes became more productive services.

Ms. Jackson said there were many moving parts to implementation of a new network, including fleet deployment, employee work schedules, infrastructure, communications with the public, and customer expectations. She said the goal was to present a plan to the Board in January 2020.

Mr. Skov asked if rapid deployment was possible. Ms. Jackson said it was, but that did not mean an overnight switch like the Houston transit system. That occurred because of a lengthy and extensive planning period prior to the change. Doing something similar with LTD would mean changes would be delayed from the schedule described by Mr. Schwetz in order to accomplish an overnight switch.

Mr. Schwetz said the implementation planning would determine the timing of changes as financial, infrastructure, and labor issues were analyzed. He said staff was also reaching out to the public and all of that information would inform the implementation plan and strategies for how quickly changes would occur. That plan would be presented to the Board in December 2019 for action at the January 2020 meeting.

Mr. Yett said he did not see where the union, which was an important stakeholder, was brought into the discussion. Director of Transit Operations Jake McCallum said much of the union's interest would be in how schedules would change and once those types of details were available the union would become involved. He said the union was aware that work was in progress on a new network plan, but specifics would not start to emerge until direction was received from the Board.

Ms. Jackson added that the union's interest was not in the overall planning process, but rather in the details of work schedule changes and the impact on employees.

Mr. Yett said he did not feel those answers were satisfactory. The Transit Tomorrow process had been ongoing for over a year and one of the primary close-in stakeholders had barely been brought into the discussion. Mr. McCallum said outreach to union members was done at the beginning of the process and consultants obtained input on routes from drivers and supervisory

personnel. Employees were aware that the entire system was being evaluated and some changes were likely to occur.

Mr. Yeh noted that although the process began in February 2018, the actual draft plan was not developed until much later. Initial discussions addressed coverage/ridership tradeoffs and there was no specific plan. Ms. Jackson said the union was engaged in the concept of Transit Tomorrow from the beginning of the comprehensive operations analysis, but the planning discussions to date did not address scheduling, which was the union's primary interest. Those details would not become available until the Board made its decision regarding implementation as how changes would occur and how schedules would be affected would be very different depending on whether the Board wished to pursue an all at once or a phased approach.

Mr. McCallum said breakout sessions with union members would be held when major changes were being considered.

Mr. Skov said he shared Mr. Yett's concern and trusted Ms. Jackson to communicate with the union. He said he preferred the fastest possible, and most immediate approach to implementation over a phased approach.

MOTION Ms. Reid moved adoption of LTD Resolution No. 2019-08-21-050: It is hereby resolved that the LTD Board of Directors approves the advancement of the proposed network for further study and implementation planning.

Mr. Yeh stated that the District and Board were taking the first significant step forward and the public would have additional opportunities to provide feedback on the proposed network during the planning process.

Ms. Reid pointed out that the motion was only to move the proposed network forward for study and potential implementation. The Board was not making other decisions.

Mr. Skov said he was not certain that a rapid implementation approach had been authorized.

VOTE The resolution was adopted as follows: AYES: Nordin, Reid, Secord, Skov, Vargas, Yeh, Yett (7) NAYS: None ABSTENTIONS: None EXCUSED: None

ITEMS FOR INFORMATION/DISCUSSION

Fiscal Year 2018-2019 Audit Plan — Kevin Mullerleile, Moss Adams LLP, presented an overview of LTD's audit plan and scope of engagement and required communications with the Board at the conclusion of the engagement. He outlined the elements of the audit process and responsibilities under Generally Accepted Government Auditing Standards, as well as the nature of opinions and findings to be set forth in the audit report. He said the inclusion of State Transportation Improvement Fund (STIF) dollars would require new procedures and auditors were working with ODOT on those. He said the audit process began in July 2019 and would resume in October or November once books were closed.

Mr. Mullerleile outlined the significant audit areas and said the process would include interviews with staff and Board members. An audit report would be issued in December 2019 and reviewed with the Board in January 2020. He concluded with an overview of new and future accounting standards.

Mr. Skov asked for clarification of the term "federal transit cluster." Ms. Jackson said that referred to the different sources of and regulations for transit grants, such as 5307, 5339, 5310, and 5337. She said each grant had different eligible uses, but the rules for how to account for them were all the same. The auditors checked that any time those funds were used they were accounted for in a similar fashion.

In response to questions from Mr. Skov about the threshold funding level of projects and payroll tax collection concerns, Ms. Jackson said if a project increased over a 10 percent threshold, it came before the Finance Committee and Board for review to assure there was no "scope creep." She said the Moss Adams audit would not address the problems LTD had experienced with the Department of Revenue over collection of the payroll tax.

2019 Preliminary Financial Results — Director of Finance Christina Shew stated there was no new information since her report to the Board at its July 2019 meeting. She would present the July 2019 financial report at the September 2019 Board meeting.

WRITTEN REPORTS

Monthly Cash Disbursements - July — There were no questions.

Quarterly Grant Report (presented in March, June, September, December) — There were no questions.

Monthly Performance Reports - June — There were no questions.

Monthly Department Reports - August — There were no questions.

OTHER ITEMS — Mr. Skov stated that he thought the Board should have a separate sustainability and climate action policy committee and distributed a memorandum to the Board dated August 21, 2019, outlining his proposal. He said there were policy level deliberations separate from staff efforts. He noted there were transportation policy decisions happening at the state level on which LTD should consider taking a position, but currently there is no process for doing that. There would be more policy issues in the months and years ahead. He said the committee was not a substitute for the Board, but would be able to analyze issues for the Board so actions could be taken more quickly. He said the term "climate change" was being replaced by "climate emergency" and "climate crisis" by those involved in science and policy issues. He asked if the Board wanted to make a decision on formation of a committee.

Mr. Yeh suggested that the matter be taken up at the next Board meeting to allow sufficient time for a more in-depth discussion of the proposal.

Ms. Second said she generally supported the concept of the committee and hoped for a more robust discussion of LTD's strategic plan and how committee work was accomplished in a way that was reasonable for staff and Board members.

Ms. Reid also stated that she wanted additional discussion of the proposal. She said LTD was a special service district and it was important for the Board to understand its parameters around such a significant issue so any action it took would be meaningful and strategic. She said she liked the examples Mr. Skov had provided about possible committee activities. She noted that the Board had just dissolved a committee and she wanted one on climate change and sustainability to be permanent and able to make a difference.

Mr. Nordin said he was very supportive of Mr. Skov's proposal and felt that LTD should be working with entities in the area to do the work of sustainability and address climate change in the region.

Ms. Vargas said she appreciated Mr. Skov's presentation of a thorough proposal and the issues behind it. She was generally in favor and looked forward to a more in-depth discussion.

MOTION Mr. Skov moved that the Board create the Sustainability and Climate Action Planning and Policy Committee. Mr. Nordin provided the second.

Mr. Skov said if the motion failed he would be happy to have the topic on a future Board agenda for consideration. He said he felt it was important to show the community a sense of urgency on the matter and it should also be part of the Board's strategic planning process and part of a more deliberate prioritization process. He added that he preferred to see action at the federal and state levels, but in their absence he believed action should happen locally.

Mr. Yeh said he supported the proposal and would only vote against the motion because he believed it was important to have more discussion about where it would fit into LTD's overall strategies.

Ms. Reid said she also wanted more discussion of the issue by the full Board and not limited to a smaller committee. She stated that she wanted to see more time on a meeting agenda devoted to the topic.

Mr. Skov said that he did not feel that creating the committee would preclude the Board having more discussions on the topic.

Mr. Yett called the question.

VOTE The motion failed as follows: AYES: Nordin, Secord, Skov (3) NAYS: Vargas, Yeh, Yett (3) ABSTENTIONS: Reid (1) EXCUSED: None

Ms. Denmark cautioned Board members against having discussions of the proposal among themselves outside of a public Board meeting.

- MOTION **EXECUTIVE SESSION PURSUANT TO ORS 192.660(2)(f) to consider information and records that are exempted by law from public inspection** Emily Secord moved that the Board meet in Executive Session pursuant to ORD 192.660(2)(f) to consider information and records that are exempted by law from public inspection. Joshua Skov provided the second.
- VOTE The motion was approved as follows: AYES: Nordin, Reid, Secord, Skov, Vargas, Yeh, Yett (7) NAYS: None ABSTENTIONS: None EXCUSED: None

The Board entered Executive Session at 7:40 p.m.

- MOTION **EXECUTIVE SESSION PURSUANT TO ORS 192.660(2)(e) to conduct deliberations with persons designated by the governing body to negotiate real property transactions** — Emily Secord moved that the Board meet in Executive Session pursuant to ORS 192.660(2)(e) to conduct deliberations with persons designated by the governing body to negotiate real property transactions. Kate Reid provided the second.
- VOTE The motion was approved as follows: AYES: Nordin, Reid, Secord, Skov, Vargas, Yeh, Yett (7) NAYS: None ABSTENTIONS: None EXCUSED: None

The Board entered Executive Session at 8:24 p.m.

ADJOURNMENT – Mr. Yeh adjourned the meeting at 8:40 p.m.

AGENDA ITEM SUMMARY

DATE OF MEETING:	September 18, 2019
ITEM TITLE:	DECLARE A NEED FOR PROPERTY: GREEN LANE CORNER IMPROVEMENT
PRESENTER:	Randi Staudinger, Project Manager, Facilities
DIRECTOR:	Joe McCormack, Director of Facilities
ACTION REQUESTED:	Adoption

PURPOSE: Declare a need for property adjacent to the Santa Clara Transit Station.

ROLE OF THE BOARD: The Board's role in this instance is to provide staff with direction.

HISTORY: In 2015, LTD purchased an 8-acre undeveloped parcel along River Road between Hunsaker Lane and Green Lane to pursue the design and construction of the Santa Clara Transit Station. This site was selected because the property allows for flexible development of a transit station and Park & Ride. The site provides sufficient space to allow for maximum maneuverability of buses and for better access for riders, pedestrians, cyclists, and people who use mobility devices. The design includes 6 bus bays, 55 parking spaces at the adjacent Park & Ride, on-street parking, secure bike parking, covered station platforms, and a small driver relief building.

In the SW quadrant of the block, at the corner of River Road and Green Lane, there is an isolated 3,887 square foot parcel that was not acquired or for sale at the time. This parcel, zoned C-1 Neighborhood Commercial, currently houses two hair salons. The station location and layout is the safest and most optimal for bus maneuvering and passenger navigation. Though not part of the station, the corner parcel can be made to enhance the overall safety, accessibility, and convenience for users of the station and the neighborhood.

LTD would remove the current building on the property and develop the land such as to allow more unobstructed sight lines into the station which will deter unwanted activity and increase the overall sense of personal safety for transit users and employees.

Unsolicited, the property owner has reached out to LTD as he is interested in selling the property. As part of informal discussions with the property owner, LTD commissioned an appraisal and appraisal review on this piece of property to determine the fair market value.

Staff will provide a brief presentation to explain this topic in further detail.

<u>CONSIDERATIONS</u>: If the corner property were not acquired, additional resources might be required to mitigate obscured sightlines such as security patrols, additional surveillance infrastructure, and restoring vandalized infrastructure.

ALTERNATIVES:

NEXT STEPS: Should the Board decide to declare a need for this property, LTD will make an initial offer to the property owner. Simultaneously, LTD will hire Universal Field Services, a relocation company, to carry out a timely and orderly relocation plan for each tenant.

SUPPORTING DOCUMENTATION:

1) Resolution No. 2019-09-18-052

PROPOSED MOTION: I move adoption of LTD Resolution No. 2019-09-18-052:

It is hereby resolved that the LTD Board of Directors approves the declaration of need for property as presented [amended].

RESOLUTION NO. 2019-09-18-052

DETERMINING CERTAIN REAL PROPERTY NECESSARY TO PROVIDE A CONVENIENT, SECURE, AND ACCESSIBLE ENTRANCE TO THE SANTA CLARA TRANSIT STATION

WHEREAS, ORS 267.200(2) and ORS 267.225(2) authorizes Lane Transit District ("LTD") to acquire by condemnation, purchase, lease, devise, gift, or voluntary grant real and personal property or any interest therein located inside the boundaries of LTD;

WHEREAS, in order to acquire property, LTD must first declare such acquisition is reasonably necessary for a purpose for which LTD is authorized by law to acquire property;

WHEREAS, pursuant to ORS 35.235(2), this Resolution creates a disputable presumption of the necessity of the proposed use, that the property is necessary therefor and that the proposed use, improvement or project is planned or located in a manner which will be most compatible with the greatest public good and the least private injury; and,

WHEREAS, LTD desires to acquire certain real property at the corner of River Road and Green Lane, most commonly known as 2611 River Road, in Eugene, Oregon (the "Parcel"), described in Exhibit A and incorporated herein.

NOW, THEREFORE, BE IT RESOLVED that the LTD Board of Directors passes a Resolution as follows:

- 1. The proposed use of the Parcel is to provide a user-friendly, secure, and accessible entrance to the Santa Clara Transit Station.
- 2. There exists a public necessity of the proposed use, particularly to provide overall safety, accessibility, and convenience for users of the Santa Clara Transit Station and the surrounding neighborhood. The proposed use will allow more sight lines into the Santa Clara Transit Station which will deter unwanted activity and provide transit users more security as they access the transit network.
- 3. This proposed use is planned and located in a manner that is most compatible with the greatest public good and the least private injury because without the acquisition of the Parcel, alternate and possibly less-effective resources may be required to increase security and accessibility and to mitigate obscured sightlines.
- 4. LTD staff is authorized and directed to make attempts to agree with the owner of the Parcel and any other persons in interest as to the compensation to be paid for the Parcel and damages, if any, for the taking thereof, and the General Manager or her designee is authorized to make a binding offer for such compensation.
- 5. The General Manager or her designee is authorized to execute the necessary documents regarding the acquisition of the Parcel on behalf of the LTD Board of Directors.

ADOPTED BY THE LANE TRANSIT DISTRICT BOARD OF DIRECTORS ON THIS 18th DAY OF SEPTEMBER, 2019.

Board President, Carl Yeh

Legal Description

Beginning in the center line of the county road, at a point South 17° East 8.26 chains of a point where said center line intersects the South line of the L. Poindexter Donation Land Claim No. 52, the said point of intersection being 4.50 chains East of the Southwest corner of said Claim No. 52; and running thence East 139.52 feet; thence South 47.5 feet; thence West 125.00 feet to the center of county road; thence North 17° West along the center line of the county road 49.67 feet to the place of beginning, all in Lane County. Oregon:

in Lane County, Oregon; EXCEPTING THEREFROM that portion described in Quit Claim Deed from Lynn W. Emrick, et al, to Lane County, Oregon, recorded September 26, 1951, in Book 446, Page 228, Lane County Oregon Deed Records; ALSO EXCEPTING THEREFROM that portion described in Bargain and Sale Deed from Lynn W. Emrick and Fern H. Emrick, to Lane County, Oregon, recorded November 17, 1981, Reception No.

8147957, Lane County Oregon Records;

DATE OF MEETING:	September 18, 2019
ITEM TITLE:	DRUG AND ALCOHOL POLICY REVISION
PRESENTER:	Mackenzie Cowan, HR/Risk Generalist/Drug and Alcohol Program Manager
DIRECTOR:	David Collier, Director of Human Resources and Risk Management
ACTION REQUESTED:	Adoption

PURPOSE: To inform the Board of a policy change.

ROLE OF THE BOARD: The Board's role in this instance is to make a policy change.

HISTORY: In late 2018, the U.S. Department of Transportation revised 49 CFR Part 40, "Procedures for Transportation Workplace Drug and Alcohol Testing Programs," to include synthetic versions of opiates (codeine, heroin, and morphine) they have also introduced a new possible outcome of a drug test: Negative – Safety Concern. Under this new possible outcome, the Medical Review Officer will have to make a determination whether the tested employee who holds a valid prescription is safe to perform safety-sensitive duties.

LTD revised its policy to respond should a Negative – Safety Concern result arise. As this is a new outcome to which every transit agency will need to respond, LTD has consulted several other transit agencies within the Pacific Northwest to determine if there is a standard practice concerning the Negative – Safety Concern outcome and ensure that LTD's policy is in-line with this practice.

In late 2018, LTD Drug and Alcohol Program transferred to a new Program Manager. The new Drug & Alcohol Program Manager conducted an overall review of the District's Drug and Alcohol policy, and suggests the following changes:

- An addition of a Charity/Fundraisers section, detailing procedures in regards to alcohol as a prize or reward from a charitable fundraiser held at LTD.
- Modification of the Testing section to explicitly state that confidentiality will be maintained and respect will be shown for any and all employees participating in the drug and/or alcohol testing process.
- Modification of the Reasonable Suspicion, Post-Accident, and Random sections to clarify employee transportation to and from the collection site.
- Updated contact information under the Program Administration section.
- Updated job title under the Maintenance section.
- Modification of Appendix B to include the positions of Intelligent Transportation Systems Manager and Engineering Technician.

The attached policy gives the District clear direction on how to handle the above mentioned situations.

CONSIDERATIONS: N/A

ALTERNATIVES: N/A

NEXT STEPS: Upon Board adoption, this policy will go into effect immediately.

SUPPORTING DOCUMENTATION:

- 1) Revised Drug and Alcohol Policy
- 2) Revised Appendix B
- 3) Resolution No. 2019-09-18-053

PROPOSED MOTION: I move adoption of LTD Resolution No. 2019-09-18-053:

It is hereby resolved that the LTD Board of Directors adopts the revisions to the LTD Drug and Alcohol Program policy as presented [amended].

RESOLUTION NO. 2019-09-18-053

ADOPTION OF REVISIONS TO THE LANE TRANSIT DISTRICT DRUG AND ALCOHOL PROGRAM POLICY

WHEREAS, the Lane Transit District ("LTD") Board of Directors (the "Board") adopted the Lane Transit District Drug and Alcohol Program policy effective September 20, 1995;

WHEREAS, such policy has been modified and revised by the Board from time to time;

WHEREAS, LTD staff proposes the Lane Transit District Drug and Alcohol Program policy be revised as follows:

- An addition of a Charity/Fundraisers section, detailing procedures in regards to alcohol as a prize or reward from a charitable fundraiser held at LTD.
- Modification of the Testing section to explicitly state that confidentiality will be maintained and respect will be shown for any and all employees participating in the drug and/or alcohol testing process.
- Modification of the Reasonable Suspicion, Post-Accident, and Random sections to clarify employee transportation to and from the collection site.
- Updated contact information under the Program Administration section.
- Updated job title under the Maintenance section.
- Modification of Appendix B to include the positions of Intelligent Transportation Systems Manager and Engineering Technician.

NOW, THEREFORE, BE IT RESOLVED that the Lane Transit District Board of Directors passes a Resolution as follows:

1) Adopting the revisions to the Lane Transit District Drug and Alcohol Program policy as presented.

ADOPTED BY THE LANE TRANSIT DISTRICT BOARD OF DIRECTORS ON THIS 18TH DAY OF SEPTEMBER, 2019.

Board President, Carl Yeh

781 Lane Transit District Drug and Alcohol Program

Effective: 09/20/1995 Revised: 02/16/2000 Revised: 10/20/2004 Revised: 03/19/2008 Revised: 05/21/2008 Revised: 07/30/2008 Revised: 09/15/2010 Revised: 09/15/2010 Revised: 01/17/2018 Revised: 09/19/2018 Revised: 09/18/2019

OBJECTIVE

Lane Transit District is committed to providing and maintaining a safe and healthy work environment for its employees and a safe and dependable transportation system for the public. It is the intent of this policy to provide and maintain a drug- and alcohol-free workplace in the interest of the health and safety of the District's employees and the public, and to maintain compliance with applicable federal and state laws and regulations.

APPLICATION

This policy applies to all District employees and employees of the District's contractors who perform a safety sensitive function for the District. All District positions and the functions performed by individual employees have been reviewed to determine the performance of a safety sensitive function as defined in Appendix A. District positions that require that all employees in the position perform a safety sensitive function are listed in Appendix B. In addition, individual employees who perform a safety sensitive function, even though others in their position do not, also are listed in Appendix B.

Under FTA authority, all employees who perform a safety sensitive function are subject to preemployment drug testing and reasonable suspicion, post-accident, random, return-to-duty, and follow-up drug and alcohol testing.

Under District authority, all other safety sensitive employees are subject to preemployment drug testing and reasonable suspicion, post-accident, return-to-duty, and follow-up drug and alcohol testing. Non-safety sensitive employees are subject to reasonable suspicion testing. Formatted: Font: Bold

Compliance with this policy is a condition of employment. Under District authority, any violation of this policy may subject the employee to discipline, up to and including suspension and/or discharge.

POLICY

Prohibited Conduct

The District expects and requires all employees to report to work in an appropriate mental and physical condition to work safely and effectively. No employee shall report to work or engage in work while having the presence of alcohol, illegal drugs, or any other disabling or controlled substance in his/her system. Prohibited drugs include all forms of narcotics, hallucinogens, depressants, stimulants, and other drugs whose use, possession, or transfer is restricted or prohibited by law ("controlled substance"). A breath alcohol concentration level of 0.02 or greater, or any detectible level of a controlled substance on a drug test, will be considered to be evidence of the presence of alcohol or a prohibited drug in the employee's system.

In accordance with the Drug-Free Workplace Act of 1988, the District prohibits all employees from engaging in the possession, sale, transporting, distribution, manufacture, or use of alcohol, illegal drugs, or any other disabling or controlled substance at any time while on duty and/or on District premises, which include buses or other LTD-owned or -operated vehicle(s), or facilities. An employee who is off duty and is a passenger on a District-owned public transportation vehicle may possess alcohol in sealed containers to the extent that is allowed by law. Employees may possess or exchange alcohol in sealed containers within the employee parking lot of the Glenwood Facility for legitimate personal use off duty and off premises.

In accordance with Federal Transit Administration (FTA) regulation 49 CFR, part 655, employees are prohibited from performing a safety sensitive function with a breath alcohol concentration level of 0.04 or greater. Safety sensitive employees who are found to have an alcohol concentration of 0.02 or greater but less than 0.04 shall not be permitted to continue safety sensitive functions, until: (1) the employee's alcohol concentration measures less than 0.02; or (2) the start of the employee's next regularly scheduled duty period, but not less than eight hours following administration of the test. In addition, employees must not consume alcohol while performing a safety sensitive function and must not consume alcohol four hours prior to performing a safety sensitive function and up to eight hours following an accident or until the employee undergoes a post-accident drug and/or alcohol test, whichever occurs first.

In accordance with FTA regulation 49 CFR, part 655, the use and ingestion of prohibited drugs (marijuana, cocaine, opioids, amphetamines, or phencyclidine) by employees who perform a safety sensitive function, is prohibited at all times.

FTA regulations require the District to test all District employees who perform a safety sensitive function for prohibited drug use and alcohol misuse. In accordance with FTA regulations, participation in the District's drug and alcohol testing program is a condition of employment for all employees who perform a safety sensitive function. An employee who performs a safety sensitive function who refuses to submit to a drug or alcohol test will be in violation of this policy, and under District authority, may be subject to discipline, up to and including suspension and/or discharge.

Exceptions: Charity/Fundraisers

An exception may be made for possession of alcohol on District premises in a few circumstances: those where the alcohol is a prize or reward for the purposes of fundraising for a charity. In this circumstances, the alcohol must always be kept in a sealed container and unopened while on District premises. Upon entering District premises, the employee must immediately relinquish possession of the alcohol to the Human Resources Drug and Alcohol Program Manager.

The Drug and Alcohol Program Manager will record that the alcohol is on the premises and place the alcohol in a locked area kept in Human Resources. The employee that "wins" the alcohol in the fundraiser may receive the alcohol from Human Resources on their way to leave District premises.

Employee Assistance Program

All employees are encouraged to voluntarily seek assistance in dealing with emotional, physical, or mental health problems, including drug use and/or alcohol misuse, which may adversely affect their job performance. Confidential professional assistance, treatment planning, and rehabilitation services are available by directly contacting the District's employee assistance program (EAP) provider, Reliant Behavioral Health Employee Assistance Program (344-6929 or 1-866-750-1327).

An employee who requests assistance from the District for a drug and/or alcohol problem before the problem affects job performance, will not jeopardize their employment solely by requesting and/or receiving assistance to deal with a drug and/or alcohol problem. If an employee does not seek treatment for a drug and/or alcohol problem, and it is found that their performance is being affected, under District authority, the employee may be subject to discipline, up to and including suspension and/or discharge.

Prescription/Over-the-Counter Drug Use

District employees may possess and use medically authorized prescription or over-the-counter drugs at work as long as the prescription or over-the-counter drugs do not have disabling effects or otherwise affect the covered employee's fitness for duty or job performance. Employees must report the use of prescription or over-the-counter drugs that could have a disabling effect or otherwise adversely affect the employee's fitness for duty or job performance, or which may cause a risk of danger to the employee or others, to their immediate supervisor. It is the employee's responsibility to determine from the physician, pharmacist, or other health care professional whether or not the prescribed or over-the-counter drugs could adversely affect the employee's fitness for duty or job performance.

The District may require employees to provide written medical authorization to work from a physician, upon the reporting of the use of prescription or over-the-counter drugs. Under District authority, an employee's failure to report the use of prescription or over-the-counter drugs which have disabling effects or otherwise affect the employee's fitness for duty while at work or failure to provide proper evidence of medical authorization to work may result in discipline, up to and including suspension and/or discharge.

Deleted: ¶

Employee Responsibility

The District expects and requires the support of all employees in meeting its commitment to providing a drug- and alcohol-free work environment. An employee who observes or has knowledge of another employee in a condition which impairs their ability to perform their job duties or who poses a serious hazard to the safety and welfare of others, must report the information to their immediate supervisor, the employee's supervisor, the Director of Human Resources and Risk Management or the Drug and Alcohol Program Administrator.

Workplace Drug-Related Convictions

In accordance with the Drug Free Workplace Act of 1988, the District requires all District employees to report, in writing, to the District, any criminal conviction for a violation of a criminal drug statute occurring in the workplace no later than five days after the conviction. Within ten (10) calendar days of receiving notification of the conviction the District will provide written notification to its federal contracting agencies.

Under its own authority, the District may subject employees convicted of workplace drugrelated crimes to disciplinary action up to and including suspension and/or discharge.

Any disciplinary action will be imposed within 30 days of the District being notified of the conviction.

Employees convicted of workplace drug-related crimes may be required by the District to participate satisfactorily in a drug abuse assistance or rehabilitation program.

Right to Inspection

When the District has reasonable suspicion to believe an employee is in possession of prohibited controlled substances and/or alcohol on District property, the employee may be requested to permit an inspection of their person, personal property, clothing, or personal vehicle. Employees shall have no reasonable expectation of privacy under these circumstances. The District will have at least one witness present when conducting an inspection of an employee or the employee's personal property, clothing, or personal vehicle.

Under its own authority, the District may subject employees who refuse to submit to such an inspection to disciplinary action, up to and including suspension and/or discharge. The District reserves the right to search District property (i.e. desks, file cabinets, lockers) at any time, and employees shall have no reasonable expectation of privacy with respect to District property.

Training

In accordance with FTA regulations, all employees who perform a safety sensitive function will be required to attend a minimum of one hour of training regarding the effects and consequences of prohibited drug use on personal health, safety, and the work environment, and the manifestations

and behavioral cues that may indicate prohibited drug use. In addition, the District will require all employees who perform a safety sensitive function to attend training regarding the District's Drug and Alcohol Policy and its testing program.

In accordance with FTA regulations, all supervisors who are responsible for determining when it is appropriate to administer reasonable suspicion drug and/or alcohol tests will be required to attend a minimum of two hours of training regarding the physical, behavioral, and performance indicators of probable drug use and alcohol misuse.

Under its own authority, the District may require or permit all employees to attend training or educational programs regarding drug and/or alcohol abuse.

Testing

As mandated by Federal regulations and authorized by the FTA, applicants for employment in a safety sensitive position, employees requesting transfer into a safety sensitive position, and employees in a position that requires the performance of a safety sensitive function are required to submit to drug and alcohol testing (pre-employment, reasonable suspicion, post-accident, random, return to duty, and follow-up testing) as a condition of employment with the District.

The Department of Transportation (DOT) regulation 49 CFR part 40, "Procedures for Transportation Workplace Drug and Alcohol Testing Programs," prescribes the testing methods that will be used, and such testing shall also be consistent with applicable State law.

Under District authority, all other safety sensitive employees may be required to submit to drug and alcohol testing (pre-employment, reasonable suspicion, post-accident, and return to duty testing) as a condition of employment with the District. Non-safety sensitive employees are subject to reasonable suspicion, post-accident, return-to-duty, and follow-up drug and alcohol testing. Testing methods comparable to the testing methods prescribed in the Department of Transportation (DOT) regulation 49 CFR part 40, "Procedures for Transportation Workplace Drug and Alcohol Testing Programs," will be used, and such testing shall also be consistent with applicable State law.

Any LTD-mandated drug and alcohol testing of safety sensitive employees will be conducted under local authority, using non-DOT CCFs (Custody and Control Form) / ATFs (Alcohol Testing Form).

All drug and alcohol testing will be conducted in a manner that assures a high degree of accuracy and reliability by using the techniques, chain of custody procedures, and equipment and laboratory facilities that have been approved by the U.S. Department of Health and Human Services (DHHS), the DOT, and State law. All drug and alcohol testing that is conducted under District authority also will be conducted in a manner that assures a high degree of accuracy and reliability by using techniques, chain of custody procedures, and equipment and laboratory facilities that are the same as, or comparable to, those approved by DHHS, the DOT, and State law. All drug and alcohol testing will be conducted in an environment that affords the maximum privacy practicable for the employee being tested. The District will strictly adhere to all standards of confidentiality, maintaining the confidentiality of the employee and the respect for the employee throughout the drug and/or alcohol testing process.

Except as otherwise stated by this policy, the District will be responsible for all costs directly associated with the drug and alcohol tests specified in this policy.

Any safety sensitive applicant/employee with a dilute negative test result (creatinine level >= 5 mg/dL) will be directed by the Drug and Alcohol Program Manager to undergo an immediate second unobserved test.

Types of Testing

Pre-employment:

As authorized by the FTA, all applicants who have been selected for employment in a safety sensitive position must submit to a urine drug test and have a verified negative test result prior to being assigned to a safety sensitive position. In addition, current employees who are being transferred or promoted into a safety sensitive position from a non-safety sensitive position must submit to a urine drug test and have a verified negative test result prior to being assigned to a safety sensitive position from a non-safety sensitive position must submit to a urine drug test and have a verified negative test result prior to being assigned to a safety sensitive function. If the pre-employment drug test is cancelled, the applicant or employee will be required to submit to another urine drug test.

Under FTA authority, all applicants who have been conditionally selected for employment in a safety sensitive position pending the outcome of a drug test, and any employee who has been selected to be promoted into a safety sensitive position, must submit to a urine drug test and have a verified negative test result prior to being hired or assigned to the position. If the preemployment drug test is cancelled, the applicant or employee will be required to submit to another urine drug test.

Under FTA authority, failure to obtain a verified negative test result on a pre-employment drug test will disqualify an applicant for employment in, or transfer to, a safety sensitive position. An applicant who has failed a pre-employment drug test will be advised of resources available to evaluate and resolve problems associated with drug abuse, including the names, addresses, and telephone numbers of substance abuse professionals and counseling and treatment programs.

Unless otherwise provided by law, an applicant who has failed a pre-employment drug test will be ineligible to submit another application for employment with the District for a period of six months.

Under FTA authority, applicants who have previously refused or tested positive on a DOTrequired pre-employment drug test are required to submit documentation supporting their successful completion of the substance abuse professional (SAP) referral, evaluation, and treatment process under section 655.62. Deleted: of

An existing safety sensitive employee who has not performed a safety sensitive function for 90 or more consecutive calendar days, and who has been removed from the random testing pool during that time, is required by FTA regulations to submit to a pre-employment urine drug test and obtain a negative result prior to the reassignment of safety sensitive duties.

Reasonable Suspicion:

As authorized by the FTA, employees who perform a safety sensitive function will be required to submit to urine testing for drugs and/or alcohol breath testing when there is a reasonable suspicion that the employee is impaired by a prohibited controlled substance or alcohol. Alcohol testing may only take place just before the employee is to perform safety sensitive functions, while the employee is performing safety sensitive functions, or just after the employee has ceased performing safety sensitive functions.

Under District authority, all other District employees will be required to submit to urine testing for controlled substances and/or alcohol breath testing when there is a reasonable suspicion to believe that the employee is impaired by a controlled substance or alcohol.

The determination to require a reasonable suspicion drug and/or alcohol test will be made by a supervisor or manager trained to identify the signs and symptoms of drug use and alcohol misuse. The determination will be based on the supervisor's or manager's specific, contemporaneous, articulable observations including, but not limited to, the employee's appearance, behavior, speech, or body odor.

Whenever possible, the determination to require a reasonable suspicion drug and/or alcohol test should be made by the employee's supervisor or manager. If the employee's supervisor or manager is not immediately available, the determination to require a reasonable suspicion drug and/or alcohol test may be made by another trained supervisor or manager within the employee's department, a trained supervisor or manager in another department, or by the Drug and Alcohol Program Administrator.

When an employee has been notified that he/she will be required to submit to reasonable suspicion drug and/or alcohol testing, he/she must report immediately to the collection site designated by the District. The employee will <u>not drive themselves to and from the collection site</u>, <u>and will instead</u> be transported by the District. The employee will not be permitted to use restroom facilities, consume beverages, or smoke until specimen collection is completed.

Post-accident:

As authorized by the FTA, drug and alcohol testing is required of all employees who perform a safety sensitive function who are involved in an accident, as defined by FTA regulations, where there is a loss of life. In other nonfatal accidents, drug and alcohol testing is required of an employee who performs a safety sensitive function unless the employee's performance can be completely discounted as a causative or contributing factor.

FTA regulations define an accident as an occurrence associated with the operation of a vehicle in which:

Deleted: to and from the collection site

- An individual dies, or
- An individual suffers a bodily injury and immediately receives medical treatment away from the scene of an accident, or
- One or more of the vehicles involved incurs disabling damage as a result of the occurrence and is transported away from the scene by a tow truck or other vehicle.

An occurrence associated with the operation of a vehicle means that the accident is directly related to the manner in which the driver applied the brake, accelerated, turned the steering wheel, or operated its lift. Disabling damage means damage that precludes departure of any vehicle from the scene of the occurrence in its usual manner in daylight after simple repairs. Disabling damage includes damage to vehicles that could have been operated but would have been further damaged if so operated.

Following a fatal accident, each surviving safety sensitive employee on duty in the public transportation vehicle at the time of the accident will be subject to drug and alcohol testing. All safety sensitive employees not on the vehicle whose performance could have contributed to the accident, as determined by the District using the best information available at the time of the accident, also will be tested.

Following a nonfatal accident, each safety sensitive employee on duty in the mass transit vehicle at the time of the accident will be subject to drug and/or alcohol testing unless the District determines, using the best available information at the time of the decision, that the employee's performance can be completely discounted as a contributing factor to the accident. Employees not in the vehicle, whose performances could have contributed to the accident as determined by the District using the best information available at the time of the accident, will be subject to drug and alcohol testing unless their behavior can be completely discounted as a contributing factor to the accident.

Post-accident drug and alcohol tests will be performed as soon as possible following an accident. Drug tests will be performed within 32 hours following the accident. The District will attempt to complete the alcohol test within two hours of the accident. If the District is not able to perform the alcohol test within two hours, it will file a report noting the reason for the delay and continue attempts to complete the test. If the District is not able to complete the alcohol test in eight hours, it will cease attempts to do so and update the two-hour written report. If the employee to be tested was injured in the accident, the requirement to test for drugs and/or alcohol should not delay necessary medical attention, and testing may be administered simultaneously with the employee receiving necessary medical attention.

Any safety sensitive employee involved in an accident must remain readily available for drug and/or alcohol testing for up to eight hours after the accident. The employee is responsible for notifying the District of his or her location if he or she leaves the scene of the accident prior to submitting to testing. Failure by the employee to remain readily available may be determined to be a refusal to submit to testing.

When an employee has been notified that he/she will be required to submit to post-accident drug and/or alcohol testing, he/she must report immediately to the collection site designated by the District. The employee will not drive themselves to and from the collection site, and will instead

be transported by the District. The employee will not be permitted to use restroom facilities, consume beverages, or smoke until specimen collection is completed.

Post-accident drug and alcohol tests required by this policy are in addition to and/or separate from any tests conducted for law enforcement purposes. If the District is unable to perform the required FTA tests (i.e., the employee is unconscious, or detained by a law enforcement agency), the District may use the results of a blood or urine test for the use of prohibited drugs and/or the results of a blood or breath test for the misuse of alcohol, conducted by Federal, State, or local officials having independent authority for the test, to meet the testing requirements of the Federal regulations and this policy, provided such tests conform to the applicable Federal, State, or local testing requirements, and that the results of the tests are obtained by the District.

Random:

As authorized by the FTA and State law, all employees who perform a safety sensitive function will be subject to random and unannounced drug and/or alcohol testing. A covered employee may be randomly tested for prohibited drug use anytime while on duty.

The District will comply with the random selection rate established by the FTA for safety sensitive employees as outlined in 49 CFR Part 655. All employees subject to random selection will have an equal chance of being selected for testing and will remain in the random selection pool even after being tested. The selection method shall be made by scientifically valid methodology and shall be spread reasonably throughout the time safety sensitive functions are performed.

Employees who are subject to random drug and alcohol testing will remain subject to random testing throughout their work shift. If an employee is initially notified that he/she has been selected for random testing prior to the end of his/her work shift, the test(s) must be completed, even when such completion has the incidental effect of causing the employee to stay overtime. When an employee has been notified that he/she has been selected for testing, he/she must report immediately to the collection site designated by the District. A vehicle for the employee to transport themselves to and from the collection site will be provided by the District. The employee will not be permitted to use restroom facilities, consume beverages, or smoke until specimen collection is completed. Alcohol testing may only take place just before the employee is to perform safety sensitive functions, while the employee is performing safety sensitive functions, or just after the employee has ceased performing safety sensitive functions.

Return to Duty:

As authorized by the FTA, 49 CFR, Part 40, Subpart O, and State law, all employees who perform a safety sensitive function and who have previously had a verified positive drug test, an alcohol test result of 0.04 or greater, a refusal to test, or engaged in any activity that violates the FTA regulations, must submit to and receive a verified negative test result on a return-to-duty drug test and/or submit to a breath alcohol test with a result showing an alcohol concentration level of less than 0.02 prior to resuming performance of safety sensitive duties. Return-to-duty testing will not be conducted until after the SAP determines that the employee has completed all education and treatment recommended by the SAP. The FTA requires that return to duty tests be an observed collection.

Deleted: The employee will be transported to and from the collection site by the District.

Deleted: Transportation

The District, under its own authority, may require employees returning to work from a positive drug and/or alcohol test to undergo a physical evaluation by a physician of the District's choice and to pass a return-to-duty drug test and/or submit to a breath alcohol test with a result showing an alcohol concentration level of less than 0.02, prior to returning to work.

Follow-up:

In accordance with FTA regulations, 49 CFR, Part 40, Subpart O, a safety sensitive employee who has been permitted to return to duty, following a verified positive drug test, an alcohol test result of 0.04 or greater, or a refusal to submit to a test, will be subject to unannounced follow-up drug and/or alcohol testing for at least 12 but not more than 60 months. The frequency and duration of the follow-up testing will be determined by the SAP, with a minimum of six tests during the first 12 months after the covered employee has returned to duty. The FTA requires that follow up tests be an observed collection.

Under District authority, an employee who has been permitted to return to duty, following voluntary treatment for a drug and/or alcohol problem may be required to submit to non-DOT follow-up drug and/or alcohol testing.

When an employee is notified to submit to a follow-up test, he/she must report immediately to the collection site designated by the District. Transportation to and from the collection site will be provided by the District. The employee will not be permitted to use restroom facilities, consume beverages, or smoke until specimen collection is completed.

Follow-up testing is separate from, and in addition to, all other testing that is conducted as part of the drug and alcohol testing program. If a follow-up test is cancelled, the employee is required to submit to an additional test.

Pre-duty Alcohol Use:

In accordance with FTA regulations, all safety sensitive employees are prohibited from using alcohol within four hours of performing a safety sensitive function. A safety sensitive employee who is requested to report for duty less than four hours prior to the requested report time must inform the District if he/she has consumed alcohol within four hours of the requested report time.

In accordance with FTA regulations, the District shall prohibit the consumption of alcohol for the specified on-call hours of each covered employee who is on call. If an on-call safety sensitive employee informs the District of his/her use of alcohol and claims he/she has the ability to safely perform his/her safety sensitive function, the employee will be allowed to submit to a breath alcohol test. If the employee's breath alcohol concentration level measures less than 0.02, the employee will be allowed to perform his/her safety sensitive function.

Blind Performance Testing:

In accordance with FTA regulations, the District will ensure that ongoing blind sample proficiency testing is conducted, using blind quality control specimens that are not distinguishable from covered employee specimens, as a quality assurance measure of the testing laboratory.

Drug Testing Procedures

In accordance with FTA regulations and State law, drug and alcohol testing procedures for specimen collection, chain of custody of specimens, laboratory analysis procedures, and quality control requirements will be in accordance with the United States Department of Health and Human Services, <u>Mandatory Guidelines for Federal Workplace Drug Testing Programs; Final Guidelines, and the Provisions Set Forth in 49 CFR Part 40; Procedures for Transportation Workplace Drug and Alcohol Testing Programs, Final Rule, and Oregon State law. A copy of 49 CFR, Part 40 is available in the Human Resources and Risk Management Department.</u>

Urine Drug testing will be conducted for:

- Marijuana
- Cocaine
- Opioids
- Phencyclidine
- Amphetamines

Observed Collections

In accordance with FTA regulations, with regards to a drug test conducted for a safety sensitive employee, in the following circumstances, collection site personnel must observe a second urine collection immediately after the first collection:

- The employee has presented a urine sample that falls outside the normal temperature range (90.0 to 100.0).
- The collector observes conduct or materials that clearly indicate an attempt to substitute or adulterate the sample.
- The original specimen appears to be tampered with (e.g., blue dye in the specimen, excessive foaming when shaken, and smell of bleach).

In the following circumstances, the medical review officer (MRO) will direct the District to require the employee to be subject to an immediate retest under direct observation:

- The laboratory reported that the specimen was invalid and the MRO determined that there
 was not an adequate medical explanation for the result.
- If a specimen was negative-dilute with a creatine level of greater than or equal to 2 mg/dL but less than or equal to 5 mg/dL.
- The MRO had to cancel a test when the primary specimen was verified as positive, adulterated, or substituted because the split was unavailable for testing.

If an employee has previously been determined to have used a controlled substance without medical authorization, and the particular test is being conducted under the FTA regulation as a return-to-duty or follow-up test, the collection is required to be observed.

In accordance with Federal regulations, employees having observed collections must be instructed to raise clothing just above the navel; lower clothing to mid-thigh; then turn around to show the same gender observers that they do not have prosthetic devices for beating the tests. If no device is detected, the employee is permitted to return clothing to its proper observed-collection position. Then the observed collection will take place.

Return to Duty after Specimen Collection

Under District authority, a safety sensitive employee who is required to submit to random or followup drug testing may be returned to duty immediately following specimen collection. If the employee also is subject to random or follow-up alcohol testing, the employee's return to duty will be dependent upon the outcome of the breath alcohol testing.

Under District authority, a safety sensitive employee who is required to submit to a reasonable suspicion or post-accident drug test will not be permitted to return to duty and will be placed on a paid leave pending the receipt by the District of a verified negative test result.

Under District authority, a non-safety sensitive employee who is required to submit to a reasonable suspicion drug test will not be permitted to return to duty and will be placed on a paid leave pending the receipt by the District of a verified test result.

The Role of the Medical Review Officer (MRO)

For safety sensitive employee testing, an MRO is required to verify positive test results and facilitate the split sample process. An MRO is defined by the FTA as a licensed physician responsible for receiving laboratory results generated by an employer's drug testing program who has knowledge of substance abuse disorders. The MRO shall communicate all verified positive test results to the employee and to the District.

Drug Test Results

All drug test results will be reported by the testing laboratory to a qualified MRO designated by the District. The MRO will be responsible for verifying and validating drug test results. The MRO will review and interpret the employee's confirmed positive drug test result by reviewing the individual's medical history and affording the employee an opportunity to offer any clarifying information that would explain a positive test result. The MRO will report each verified test result to the District and will notify each employee who has a verified positive test result. The MRO may verify a test as positive without having communicated directly with the employee if: the employee expressly declines the opportunity to discuss the test; neither the MRO nor the District has been able to contact the employee within 10 days of the date on which the MRO receives the confirmed positive test result from the laboratory; or the District has contacted the employee and directed the employee to contact the MRO, and more than five days have passed since the date the employee was contacted by the District.

Positive Drug Test Results

An employee who has a verified positive drug test result will be immediately removed from his/her safety sensitive position, advised of resources available to evaluate and resolve problems associated with drug abuse, and be evaluated by a substance abuse professional (SAP). Under District authority, the employee will be placed on an unpaid leave of absence pending the results of the evaluation by the SAP and may be subject to discipline, up to and including suspension and/or discharge. A "verified positive drug test" means an initial positive result that has been validated by a second confirmatory positive drug test.

An employee who has a verified positive drug test result will have 72 hours, including holidays and weekends, from the time of notification by the MRO or the District, whichever occurs first, in which to request that the spilt specimen be analyzed at a different DHHS-approved laboratory. The employee will not be responsible for paying the cost of the split sample testing prior to the test being conducted. However, the District reserves the right to seek reimbursement from the employee. The request by an employee for an analysis of the split specimen will not delay the removal of the employee from his/her safety sensitive position. If the result of the test of the split specimen fails to confirm the presence of the drug(s) or drug metabolite(s) found in the primary specimen, the employee will be returned to duty and will be compensated for time or benefits lost as a result of being placed on an unpaid leave of absence.

Negative - with a Safety Concern Drug Test Results

In the event that an employee has a positive test result, the MRO will contact the employee directly, on a confidential basis, to complete an interview to determine if there is a legitimate medical explanation for the test result. If there is a legitimate explanation, the employee will have 5 days from the time notified by the MRO to have the prescribing doctor contact the MRO to determine the validity of the prescription and check if the medication can be changed to one that does not cause the employee to pose a significant safety risk. If, after speaking to the prescribing physician, the prescription is verified but the MRO still believes that the employee poses a significant safety risk, the MRO will report a negative – with a safety concern result to LTD.

What constitutes a valid prescription?

- Current must not be expired (prescribed within the last 12 months)
- In the employee's name
- Recognized as legal by the federal government
 - · Medical marijuana is not recognized by the federal government
 - Medicines containing alcohol are specifically prohibited

If the employee's valid prescription raises safety concerns with the MRO, the employee may be reported as "Negative – with a safety concern".

In the event that LTD receives notification from the MRO that an employee has a drug test result marked as Negative - with a safety concern the employee will be removed from safety sensitive job functions and be given the opportunity to address this issue with their medical provider and the MRO.

Possible outcomes of a Negative - with a safety concern:

- <u>Without</u> agreement between the prescribing healthcare provider and the MRO stating that the individual can safely perform work duties while taking the prescribed medication, the individual may be deemed medically unqualified to perform essential duties of the position and subject to termination.
- With agreement between the prescribing healthcare provider and the MRO, the individual may be deemed medically qualified to maintain employment in a DOT safetysensitive position.
- Under District authority, the employee may be subject to a medical examination prior to returning to safety-sensitive job functions.

Breath Alcohol Testing Procedures

All breath specimen collection must be collected through the use of an evidential breath testing device (EBT) approved by the National Highway Traffic Safety Administration. The breath alcohol tests will be conducted by a trained breath alcohol technician (BAT) at a site that provides visual and aural privacy to the covered employee being tested to the greatest extent practicable. Prior to specimen collection, the employee and the BAT must complete, date, and sign a breath alcohol testing form indicating that the employee is present and providing a breath specimen.

The BAT will conduct an initial screening test, requiring the employee to blow forcefully into a disposable mouthpiece attached to the EBT, for at least six seconds or until an adequate amount of breath has been obtained. Following the initial screening test, the BAT will show the employee the result displayed on the EBT or the printed result.

If the result of the initial screening test is an alcohol concentration of 0.02 or greater, a confirmation test will be conducted. The confirmation test will be conducted at least 15 minutes after the completion of the initial screening test. The employee must remain in the presence of the BAT during the waiting period. The confirmation test will be conducted using the same procedures as the initial screening test. A new mouthpiece will be used. Before the confirmation test is administered, the BAT will conduct an air blank test on the EBT. If a BAT other than the one who conducted the screening test is to conduct the confirmation test, the new BAT and the employee will be required to sign and date a new breath alcohol testing form.

If the results of the initial screening test and the confirmation test are not identical, the confirmation test result will be deemed to be the final result.

Following the completion of a breath alcohol test, the BAT will be required to sign and date the breath alcohol testing form certifying that the results shown belong to the employee being tested. The employee will be directed to sign the ATF if the confirmation test is greater than 0.02. The BAT will be responsible for transmitting all test results to the District in a confidential manner.

If an employee attempts and fails to provide an adequate amount of breath, the BAT will note this on the alcohol testing form and notify the District. The employee will be required to submit to a medical evaluation, by a physician of the District's choice, concerning the employee's medical ability to provide an adequate amount of breath. If no valid medical reason is determined, then the employee's inability to provide an adequate amount of breath will be considered to be a refusal to submit to a test.

Breath Alcohol Test Results

If the results of the breath alcohol test are below 0.02, the employee may be returned to work immediately.

Under District authority, a confirmed alcohol concentration of 0.02 or greater will be considered a positive breath alcohol test result and a violation of this policy.

As required by the FTA, if the results of the breath alcohol test are 0.02 or greater but less than 0.04, the employee will not be permitted to return to duty until the start of his/her next regularly scheduled shift and not less than eight hours following the test. Under District authority, the employee may be subject to discipline, up to and including suspension and/or discharge.

As required by the FTA, if the results of the breath alcohol test are 0.04 or greater, the employee will be immediately removed from his/her safety sensitive position, advised of the resources available to evaluate and resolve problems associated with alcohol misuse, and be evaluated by an SAP. Under District authority, the employee will be placed on an unpaid leave of absence pending the results of the evaluation by the SAP and may be subject to discipline, up to and including suspension and/or discharge.

An employee with a breath alcohol concentration level of 0.02 or greater will be provided transportation to his/her residence. If the employee insists on driving, law enforcement will be notified.

Refusal to Submit to a Test

In accordance with FTA regulations and State law, an employee who is determined to have a test refusal will be immediately removed from his/her safety sensitive position, advised of resources available to evaluate and resolve problems associated with drug abuse, and be evaluated by an SAP.

Under District authority, the employee will be placed on an unpaid leave of absence pending the results of the evaluation by the SAP and may be subject to discipline, up to and including suspension and/or discharge.

A determination of an employee's test refusal includes the following:

- Refusal to take the test.
- Failure to provide sufficient quantities of breath or urine to be tested without a valid medical explanation.
- Failure to provide a breath or urine specimen in alcohol and drug testing.
- Failure to undergo a medical examination or evaluation as directed by the MRO or designated employer representative DER.
- The MRO reports a verified adulterated or substituted test result.
- Not reporting to the collection site in the time allotted (except for a pre-employment test).

- Failure to remain at the collection site until the collection process has been completed.
- Failure to permit direct observation or monitoring of the provision of a specimen for a drug test when a direct observation or monitoring is required.
- Failure or decline to take a second test when directed by the collector or the District.
- Failure to cooperate with any part of the testing process (e.g., refusal to empty pockets when directed by the collector; behaving in a confrontational way that disrupts the collection process; failing to wash hands after being directed to do so by the collector).
- Refusal to sign the certification at Step 2 of the Alcohol Testing Form.
- Leaving the scene of an accident without authorization before the tests have been conducted.
- For an observed collection, failure to follow the observer's instructions to raise clothing above the waist, lower clothing and underpants, and turn around to permit the observer to determine if employee has any type of prosthetic or other device that could be used to interfere with the collection process.
- Possessing or wearing a prosthetic or other device that could be used to interfere with the collection process.
- Admitting to the collector or MRO that the employee adulterated or substituted the specimen.

Discipline

Compliance with the District's Drug and Alcohol Policy is a condition of employment for all employees. For employees who are represented by ATU 757, a violation of any part of the District's Drug and Alcohol Policy will result in discipline as provided in Article 24 of the Labor Agreement. For all other employees, a violation of any part of the District's Drug and Alcohol Policy will result in discipline, up to and including suspension and/or discharge. Factors that the District may consider regarding the severity of disciplinary action include, but are not necessarily limited to, the covered employee's conduct that prompted the application of this policy, the covered employee's work record, the degree of impairment, the potential for consequences arising from the covered employee's actions, and the drug and/or alcohol test results. Any employee with a verified positive on a Post-Accident, Return-to-Duty or Follow-up drug and/or alcohol test will be subject to additional discipline, up to and including discharge.

Employees who are discharged as a result of violating this Drug and Alcohol policy will be provided with a list of the resources available in evaluating and resolving problems associated with the use of illicit drugs and/or misuse of alcohol and will have access to the District's current Employee Assistance Program (EAP). Access to the EAP program will be limited to treatment directly related to the drug and/or alcohol problem and is available for a time period not to exceed 60 days.

The Role of the Substance Abuse Professional (SAP)

An SAP is a professional who can determine what assistance an individual needs in resolving problems associated with prohibited drug use and/or alcohol misuse. The evaluation will consist

of a clinical assessment, treatment recommendations, and referrals, as appropriate. The SAP will inform the District, in writing, of the clinical assessment-based treatment recommendations, which must be complied with. In addition, the SAP will specify the duration and frequency of follow-up drug and/or alcohol tests. The SAP's evaluations, assessment, treatment recommendations, referrals, and follow-up testing recommendations will be in accordance with 49 CFR, Part 40.

Required Treatment

If the SAP determines that an employee has successfully demonstrated compliance with the education and treatment required by the SAP but has not completed the full regimen of education and treatment (e.g., ongoing out-patient treatment), the employee may be eligible to return to duty.

Work absences for the continued education and treatment required by the SAP may qualify for available sick leave benefits and/or personal medical leave, provided the employee is following the prescribed treatment program. If sick leave and personal medical leave have been exhausted, the employee may be placed on a medical leave of absence without pay.

If the District is notified by the SAP that the employee is not complying with the ongoing education and treatment requirements, the employee will be immediately removed from his/her safety sensitive position. Under District authority, the employee will be placed on an unpaid leave of absence and may be subject to discipline, up to and including suspension and/or discharge.

Working Conditions

The presence or treatment of a substance abuse problem does not excuse an employee from meeting performance, safety, or attendance standards or following other District instructions. In no circumstances may an employee invoke protection under this policy as a means to avoid disciplinary actions resulting from poor work performance or misconduct at work. A voluntary request for assistance will not shield an employee from disciplinary action resulting from on-the-job conduct or work performance. Employees remain responsible for their on-the-job conduct and work performance.

Return to Work Agreement

Under District authority, an employee who has a verified positive drug test, has a confirmed breath alcohol concentration level of 0.04 or greater, or who is referred to drug and/or alcohol treatment that requires his/her to be away from work, will be required to sign a return to work agreement prior to being permitted to return to duty. The agreement may include, but is not limited to, the following requirements:

- A release to work statement from an approved treatment specialist
- A negative test for drugs and/or alcohol
- An agreement to follow-up testing
- A statement of expected work-related behaviors
- An agreement to follow specified aftercare requirements

 An expressed understanding that violation of the return to work agreement may result in discipline, up to and including suspension and/or discharge

The return to work agreement is not a guarantee of continued employment. Employees working under a return to work agreement must also follow all other District policies and procedures.

Confidentiality

The District will maintain all records regarding the drug and/or alcohol testing of employees in a secure manner so that the disclosure of information to unauthorized persons does not occur. In accordance with FTA regulations, drug and/or alcohol test results will be released only under the following circumstances:

- Upon written request, employees will be provided access and/or copies of any records relating to their test(s).
- Upon specific, written request of an employee, information and/or copies of records regarding an employee's test results will be released to a third party.
- When requested, information related to a test result may be disclosed to a decision maker in a lawsuit, grievance, or other proceeding, initiated by or on behalf of the employee tested.
- Upon receipt of an order of a court of competent jurisdiction for criminal or civil action
 resulting from an employee's performance of safety sensitive duties, test results will be
 released to the decision maker in the proceeding with the binding stipulation that the
 decision maker will make it available only to parties to the proceeding.
- Upon request of DOT agency representatives, all drug and alcohol program records that are required by 49 CFR, Part 40 and DOT agency regulations will be provided to the agency representatives.

Program Administration

The District's Drug and Alcohol Testing Policy and Program are administered by the designated Drug and Alcohol Program Administrator. Additional information regarding this policy or the program is available by contacting the Drug and Alcohol Program Administrator in the Human Resources Department at (541) 682-<u>6134</u>.

All records will be maintained in accordance with 49 CFR, Parts 40 and 655.

MAINTENANCE

The <u>Director of Human Resources</u> & <u>Risk Management</u> is responsible for monitoring the application and revision of this policy.

Deleted: 6182

Deleted: Manager

Adopted by the Board of Directors, September 20, 1995.

APPENDIX B

Safety Sensitive Positions

Employees in the following positions are required to perform safety sensitive functions as defined in the Federal Drug and Alcohol regulations:

Bus Operator Director of Maintenance Director of Transit Operations Equipment Detail Technician Fleet Services Supervisor General Service Worker Journeyman Mechanic Journeyman Tire Specialist Scheduling Specialist Transit Operations Supervisor Transit Services Manager Intelligent Transportation Systems Manager Engineering Technician

Other employees who hold a valid CDL and drive a revenue service vehicle off company premises

AGENDA ITEM SUMMARY

DATE OF MEETING:	September 18, 2019
ITEM TITLE:	BOARD USE OF DISTRICT RESOURCES
PRESENTER:	Aurora Jackson, General Manager
DIRECTOR:	N/A
ACTION REQUESTED:	Adoption

PURPOSE: To establish a Board policy for individual Board members to request the use of District resources.

ROLE OF THE BOARD: The Board's role in this instance is to provide staff with direction.

<u>HISTORY</u>: In prior years, there was direction from the Board that requests that had broader Board interest or required a significant amount of staff time or resources, be presented to the entire Board of Directors for approval. The Board discussed and address these types of topics during Board trainings at Work Sessions or at the Annual Board Retreat. This year, with a delay of holding a Board Retreat, Board training has been delayed.

The Board President is recommending the use of a Board policy to establish standards for individual Board members to make incidental request for the use of District resources. Requests for District resources that exceed a minimal threshold would be considered by the entire Board of Directors. Adoption of a Board policy would enable the District to manage day-to-day business more effectively and efficiently.

CONSIDERATIONS: N/A

ALTERNATIVES:

- Fulfill all Board member requests the use of District regardless of time requirement or costs incurred.
- Fulfill Board member requests for the use of District resources for a value different than is being proposed by the attached policy.

NEXT STEPS: Based on Board direction, the general manager will direct staff accordingly.

SUPPORTING DOCUMENTATION:

- 1) Resolution No. 2019-09-18-054
- 2) Board Use of District Resources Policy

PROPOSED MOTION: I move adoption of LTD Resolution No. 2019-09-18-054:

It is hereby resolved that the LTD Board of Directors adopts a resolution establishing the Board Use of District Resources Policy as presented [amended].

RESOLUTION NO. 2019-09-18-054

ADOPTION OF THE BOARD USE OF DISTRICT RESOURCES POLICY

WHEREAS, the Lane Transit District ("District") Board of Directors ("Board") may create bylaws and policies and do such other acts or things as may be necessary or convenient for the proper exercise of powers granted to them as the governance of a mass transit district;

WHEREAS, the Board has established a Policy providing procedures for the Board's use of District resources;

WHEREAS, individual Directors may direct the General Manager to use District Resources to fulfill a Director's request for information or services;

WHEREAS, a Director's request for the use of District Resources that either exceeds three (3) hours of staff time shall be submitted to the Board President for inclusion at the next regularly scheduled Board of Directors' meeting;

WHEREAS, a Director's request for the use of District Resources that has a Financial Impact to the District that exceeds fifty (\$50) dollars shall be submitted to the Board President for inclusion at the next regularly scheduled Board of Directors' meeting; and,

WHEREAS, financial impact shall mean an expense to the District aside from staff time.

NOW, THEREFORE, BE IT RESOLVED that the Lane Transit District Board of Directors passes a Resolution as follows:

Adopt the Board Use of District Resources Policy.

ADOPTED BY THE LANE TRANSIT DISTRICT BOARD OF DIRECTORS ON THIS $18^{\rm TH}$ Day of september, 2019.

Board President, Carl Yeh

Board Use of District Resources

1. PURPOSE

This Board Use of District Resources Policy (the "Policy") establishes a standard for individual Board members to request the use of District Resources.

2. APPLICABILITY

This Policy applies to members of the Lane Transit District ("LTD") Board of Directors (the "Board").

3. DEFINITIONS

"Director[s]" shall mean a member of the Board.

"District Resources" shall mean personnel, material, equipment or assets under the District's control or ownership.

"Financial Impact" shall mean an expense to the District aside from staff time.

4. INCIDENTAL REQUESTS FOR USE OF DISTRICT RESOURCES

Individual Directors may direct the General Manager to use District Resources to fulfill a Director's request for information or services, subject to the limitations set forth in Section 5.

5. REPETITIVE OR LARGER REQUESTS FOR USE OF DISTRICT RESOURCES

A Director's request for the use of District Resources that either exceeds three (3) hours of staff time or has a Financial Impact to the District that exceeds fifty (\$50) dollars shall be submitted to the Board President for inclusion at the next regularly scheduled Board of Directors' meeting. Such request will be fulfilled upon the affirmative vote of a majority of the Board.

AGENDA ITEM SUMMARY

DATE OF MEETING:	September 18, 2019
ITEM TITLE:	COMMUNICATIONS ANALYSIS RECOMMENDATIONS
PRESENTER:	Theresa Brand, Communications and Transportation Options Manager
DIRECTOR:	Cosette Rees, Director of Specialized and Customer Service
ACTION REQUESTED:	Adoption

<u>PURPOSE</u>: To request the Board of Directors adopt a resolution approving the recommendations contained in the Communications Analysis Report.

BOARD'S ROLE: To support the communication and messaging of the District.

<u>HISTORY</u>: In accordance with LTD's Procurement Policy, in October 2018, LTD hired Celtis Ventures, Inc. to provide an exhaustive review of the District's current communications strategies and methods and provide feedback on ways to improve LTD's communications practices.

The communications analysis focused on the following areas:

- 1) Review existing district communications functions, messages, and strategies;
- 2) Identify areas of strength and needed improvement in the District's communications function;
- 3) Develop a solicitation for communications firms to execute the changes proposed;
- 4) Review success of implemented changes; and
- 5) Offer professional development services on an as-needed basis.

In April 2019, the Board of Directors approved the formation of an Ad Hoc Communications Committee to review the draft final Communications Analysis Report recommendations and to provide input prior to the issuance of a final report. The committee met twice and provided input. The attached report reflects the committee's recommendation.

The reports includes an executive summary, the approach for gathering information, four focus areas with key findings, and recommendations for making improvements. The complete report is included in this Board meeting packet.

CONSIDERATIONS: Staff recommends approval of the Communications Analysis Report recommendations.

ALTERNATIVES:

- The Board may decide to amend the recommendations contained in the Communications Analysis Report.
- The Board may decide to postpone a decision and provide direction to staff to bring an amended report at a future date.
- The Board may decline to approve the Communications Analysis Report.

<u>NEXT STEPS</u>: If approved, an LTD communications plan will be developed that adheres to the recommendations contained in the Communications Analysis Report.

SUPPORTING DOCUMENTATION:

- 1) Resolution No. 2019-09-18-055
- 2) Communications Analysis Report

PROPOSED MOTION: I move adoption of LTD Resolution No. 2019-09-18-055:

It is hereby resolved that the LTD Board of Directors approves the adoption of a resolution to accept the recommendations contained in the Communications Analysis Report [amended].

RESOLUTION NO. 2019-09-18-055

ADOPTION OF COMMUNICATIONS ANALYSIS RECOMMENDATIONS

WHEREAS, in October 2019, and in accordance with LTD's Procurement Policy, LTD procured consulting services to provide an exhaustive review of the District's current communications strategies;

WHEREAS, in April 2019, the Board of Directors approved the formation of an Ad Hoc Communications Committee to review the draft final Communications Analysis Report recommendations and to provide input prior to the issuance of a final report;

WHEREAS, Ad hoc Communications Committee met twice to provide input; and,

WHEREAS, a draft final communications analysis report presented to the LTD Board of Directors contains recommendations that represent the Board's desire for improved communication.

NOW, THEREFORE, BE IT RESOLVED that the Lane Transit District Board of Directors passes a Resolution as follows:

1) Adopting the recommendations included in the Communications Analysis Report.

ADOPTED BY THE LANE TRANSIT DISTRICT BOARD OF DIRECTORS ON THIS 18TH DAY OF SEPTEMBER, 2019.

Board President, Carl Yeh

AGENDA ITEM SUMMARY

DATE OF MEETING:	September 18, 2019
ITEM TITLE:	AUDIO MINUTES FOR PUBLIC MEETINGS
PRESENTER:	Camille Gandolfi, Clerk of the Board
DIRECTOR:	Aurora Jackson, General Manager
ACTION REQUESTED:	Board Consenus

PURPOSE: To inform the Board of a proposed public meeting process change.

ROLE OF THE BOARD: The Board's role in this instance is to provide staff with direction.

HISTORY: Pursuant to ORS 192.650, LTD is required to maintain a record of all public meetings. Historically, the District has maintained duplicative minutes for all public meetings by having both audio and written minutes for every public meeting. Audio minutes are maintained by the Clerk of the Board and made available to the public only through a public records request that entails paying a fee by the requester. Written minutes are taken by a contracted minute-taker who transcribes and submits the documents to the Clerk of the Board for review. Written minutes are made publically available to the public at the next scheduled meeting and require approval.

The practice of maintaining written minutes has been phased out by many public agencies in favor of providing improved transparency to the public through either an audio or video recording. The City of Eugene maintains video minutes and the City of Springfield maintains audio minutes that are readily available on their websites.

Reducing LTD's duplicative recordkeeping supports the District's progression in modernizing District practices and improving staff time-management and work volume.

The audio recording of all public meetings will be linked to the corresponding meeting agenda, thereby allowing interested parties to jump to the topic of interest and bypass listening to a meeting in its entirety. This structure would be available online, much like the Eugene City Council meetings, within a few days of each corresponding meeting.

CONSIDERATIONS: Maintaining only audio minutes will support the following:

- Eliminate the expense of utilizing a minute taker at all public meetings approximately \$10,000 per year.
- Increase staff time available for other tasks/projects.
- Improve transparency and access to information by the community, the Board, and internal staff.
- Streamline, improve, and modernize internal processes.

ALTERNATIVES: Continue to maintain written minutes and audio recordings for all public meetings.

NEXT STEPS: Upon Board approval, staff will take the next steps towards implementation with an anticipated start date of January 2020.

SUPPORTING DOCUMENTATION: N/A

PROPOSED MOTION: N/A

AGENDA ITEM SUMMARY

DATE OF MEETING:	September 18, 2019
ITEM TITLE:	AD HOC SUSTAINABILITY COMMITTEE
PRESENTER:	Aurora Jackson, General Manager
DIRECTOR:	N/A
ACTION REQUESTED:	Board Consenus

PURPOSE: To request the Board of Directors consider the formation of an Ad Hoc Sustainability Committee.

ROLE OF THE BOARD: The Board's role in this instance is to obtain information for a future decision.

<u>HISTORY</u>: At the August 21, 2019, regular Board of Directors' meeting, the Board requested an agenda item for the September Board of Directors' meeting to further discuss the formation of an Ad Hoc Sustainability Committee.

CONSIDERATIONS: N/A

ALTERNATIVES: N/A

NEXT STEPS: Based on Board direction, staff will make any necessary arrangements.

SUPPORTING DOCUMENTATION:

1) Memo from Board Member Joshua Skov

PROPOSED MOTION: N/A

To: LTD Board of Directors

From: Joshua Skov, Board Member

Re: Memo explaining motion to create sustainability/climate committee of the Board

Date: August 21, 2019

Policy imperative:

- Climate change is now widely understood in policy and scientific circles as a crisis or an emergency, with potentially catastrophic implications for human wellbeing.
- Sustainability that is, an integrated approach to social, environmental, and economic objectives and impacts is both a way of thinking and a series of concerns. It is an organizing principle for an increasing amount of activity in business and government settings.

Relevance to LTD:

- Transportation is the largest source of greenhouse gases; transit is widely understood to be a major tool for reducing transportation-related greenhouse gas emissions.
- The surrounding community is, according to years polling and city policies, generally or highly supportive of action on climate and sustainability concerns.

Examples of activities:

- Suggesting board-level input to staff activities on climate action and sustainability.
- Providing guidance to the board on policy questions as they arise (see the accompanying example from 1000 Friends of Oregon).
- Suggesting and providing guidance on board-level policy on fleet procurement.
- Suggesting and providing guidance on board-level policy for intergovernmental collaboration, such as with the City of Eugene's on-going climate action planning.

Reservations/concerns and responses:

- A local transportation agency is not the right level at which to address and organize climate action. I agree, but in the absence of federal and state policy, and given the urgency, we should take action.
- This is a challenging and complex topic to add to our plate. I agree, and I would prefer to do so in the context of a strategic plan in which we would assess priorities in tandem. However, given the urgency of the issue, I think we should take action.
- The entire board should be engaged on this issue. I agree, and a division of labor just as we have with our Finance Committee and HR Committee can extend the breadth of issues the board should consider. With this committee, all decisions will continue to be made at the board level; the committee will simply pre-digest issues and make board-level deliberations more effective.

Suggestions:

- Create the Committee per the motion below.
- Solicit volunteers (up to three, per the board bylaws).
- Designate the creation of bylaws as the first task of the Committee.
- Further task the Committee with developing a few short- and medium-term priorities to support and reinforce the on-going work of staff and consultants.

Motion: I move that we create the Sustainability and Climate Action Planning and Policy Committee (SCAPP-C).

Ask LCDC to take Immediate Action on Climate Change

I am reaching out to you because your organization has demonstrated its commitment to Oregon taking meaningful actions to address climate change by, among other things, reducing carbon emissions. Oregon has just such an opportunity before it right now, that will reduce the need to drive; provide affordable and accessible transit, and walking and bicycling ways; and provide diverse and affordable housing in close-in neighborhoods -and reduce greenhouse gas (GHG) emissions! But the state is on the verge of purposefully stepping backwards, unless a chorus of advocacy and community groups demands more.

I will explain more below, but our ask is:

Write the Land Conservation & Development Commission (LCDC) <u>now</u> and ask them to adopt - this year - a Metropolitan Transportation Planning Rule that <u>requires</u> the major urban areas of the state to adopt transportation plans that meet greenhouse gas (GHG) reduction targets.

The background:

In 2007, the Oregon Legislature committed to reducing GHG emissions by 75% by 2050, with benchmarks on the way to that goal. Almost 40% of all GHG emissions in Oregon come out of the tailpipes of automobiles and light trucks. Most of that driving happens in Oregon's 8 largest urban areas - Metro Portland, Salem/Keizer, Central Lane (Eugene/Springfield, area), Corvallis, Albany, Rogue Valley, Middle Rogue (Grants Pass area), and Bend.

Therefore, four state agencies – the Departments of Land Conservation & Development, Environmental Quality, Transportation, and Energy – developed a target for each urban area to reduce its transportation GHG emissions by approximately 20% per capita through transportation planning by 2050.

How do we do achieve that? By reducing the need to drive at all, or to drive as far. The methods are low tech and also result in *more livable, equitable communities* - by designing more compact, walkable neighborhoods; providing safe, accessible, and more bikeways, trails, and sidewalks; increasing transit service provision and frequency, especially to underserved communities; increasing diverse and affordable housing; implementing transportation demand strategies; limiting free parking; and more. These are proven strategies.

Metro, the regional government in the Portland area, is accomplishing this by adopting its Climate Smart Strategy – this integrates land use and transportation planning and will achieve the Metro region's transportation GHG reduction target by 2050. So Metro is now incorporating this climate strategy into regional transportation and land use plans and housing investments.

But that is not happening in any of the state's other metropolitan areas. And unless the LCDC adopts a Metropolitan Transportation Planning Rule that <u>requires</u> these cities to do so, it will not happen. The local governments in those seven other metropolitan areas are now revising their local transportation system plans (TSP) and Regional Transportation Plans (RTP), which will last through 2040 *and beyond – most of the time we have available to meet our overall GHG reduction goal*. Yet none - except Portland Metro - are planning to meet its state GHG targets. Given that almost 40% of the state's GHG emissions come from people driving, these transportation plans are exactly where we need to plan how to reduce the need to drive as far or as often. **If these plans do not incorporate the all the transportation actions necessary to meet Oregon's climate goals, Oregon will fall woefully short**.

Back to the Ask:

LCDC spent a year considering revisions to its transportation planning rule, including incorporating into it reducing GHG emissions through local transportation plans that reduce driving. Last September, LCDC was close to adopting a revised rule, but suspended action pending the legislative session, to see how the climate bill, HB 2020, might impact this.

HB 2020 did not pass, and LCDC is now considering its Policy Agenda for the 2019-21 biennium. <u>The staff is</u> <u>proposing to discontinue this GHG reduction rulemaking</u>. The staff hopes that yet another multi-agency, statewide effort will move forward broad-based GHG reduction. That effort is all well and good, but it is in its infancy and will not produce end products, if at all, for several years.

Meanwhile, there is low-hanging fruit that can make a big contribution to GHG reduction, that LCDC should pursue NOW --

Please send an e-mail to LCDC, asking that its Policy Agenda include adopting a Transportation Planning Rule that *requires* the major urban areas of the state to adopt transportation plans that will meet their GHG reduction targets. Share your perspective on why it is critical that the state take this important step now, which will result in permanent GHG reduction and more livable, affordable, and equitable communities. Send your request to:

LTD CIP 2019 LTD CIP PHASE DEFINITIONS

Project Phase Definitions	
Business Case Justification	Identification of project need, including vetting against the 8 criteria, proposed funding sources, spend budget, timeline, ongoing incremental resources and costs
Secure Funding	Grant funding application through grant award, approval through CIP and budget processes
Project Initiation	RFP and other procurement processes, stakeholder identification
Planning	Concept, public engagement, analysis
Environmental Process	Environmental assessment, demonstrating federal NEPA requirements are met
Design	Schematics, design development
Acquisition	Product or service deliver inclusive of real estate, buses, etc. Includes testing and final acceptance. May come before or after Build, Construction and Assemble phase
Build, Construction, Assemble	Includes construction, permitting, building, awaiting delivery. May come before or after Acquisition phase.
Rollout, Commissioning, Active	Go live on a software project, occupancy, revenue service, etc.
Project Closeout	Closeout activities, final payment, post-mortems

PROJECT DESCRIPTIONS

Santa Clara Transit Station	- Key: 20947			#17-SCTSTA-0301005

5307 Formula - 1738-2018-1	3,000,000	3,000,000	FY 2017-2021	Planning
STBG	600,000	600,000		
ConnectOregon - 31655	3,000,000	2,476,210		
LTD Match	3,700,000	3,570,739		
Total Project	10,300,000	9,646,949		

Construct new station near Hunsaker Lane and River Road in Eugene, including a Park & Ride. The new facility will accommodate both regular and EmX service, reducing operational delays and improving the customer experience. The project continues to progress as scheduled. Project Staff provided FTA with NEPA documents for the project, as well as a status update during the reporting period.

PROJECT DESCRIPTIONS

Improvement Projects - Frequent Transit Network

EmX Franklin Blvd Phase 1	#19-FKLNST-0301010			
FUNDING SOURCE	BUDGET	REMAINING	TIMELINE	PROJECT PHASE
LTD Match	287,000	222,705	FY 2019	Build, Construction,
ConnectOregon - 30139	648,000	458,235		Assemble
Total Project	935,000	680,940		

Construct two EmX stations (one for either direction of travel) within the City of Springfield's revised roadway layout. The project is progressing as scheduled.

Main-McVay Transit Study -	Key: 19776			#19-M/McTS-0301011

CMAQ	525,000	525,000		
Total Project	1,164,375	1,164,384		

Using results of the Pedestrian Network Analysis (a study that is part of the Comprehensive Operations Analysis called Transit Tomorrow), implement various safety and amenity improvements along the Frequent Transit Network (FTN). Activities necessary in order to process the required request to transfer FHWA funds to FTA are in progress.

PROJECT DESCRIPTIONS

Improvement Projects - Technology Infrastructure & Systems

Software - NOVUS Modules				#19-NOVUSM-0301018
FUNDING SOURCE	BUDGET	REMAINING	TIMELINE	PROJECT PHASE
ICAM Federal Grant	240,000		FY 2019	Secure Funding
Trillium Innovation Grant	160,000			
Total Project	400,000			

Software in support of the RideSource center, allocated to purchase the Passenger Portal module in NOVUS. This module will allow RideSource customers to book their own rides in a secure web page. This will free up call center resources and provide a greatly enhanced user experience for our customers. They will also be able to book rides at times when the call center is not open. Call center space is currently very constrained with no room to seat more customer service representatives. This software has the potential to alleviate the problems with finding more space for staff. LTD was not a selected recipient for funding under the Trillium Community Health Plan Innovation Fund. Alternative funding will continue to be explored.

PROJECT DESCRIPTIONS

Improvement Projects - Non-Capital Projects

Comprehensive Operations Analysis - Key: 21173			#	#19-COMPOA-0301019

General Fund	150,000	150,000	FY 2019 - 2020	Planning
Total Project	150,000	150,000		

A detailed study of LTD's communications structure and systems to identify strengths, areas for improvement, and options to increase efficiency and effectiveness. The project is progressing as scheduled.

STIF Grant Administration				#19-STIFGA-0301023
FUNDING SOURCE	BUDGET	REMAINING	TIMELINE	PROJECT PHASE
2017 State Transportation Improvement Fund	2,640,000	2,640,000	FY 2019 - 2028	Secure Funding
Total Project	2,640,000	2,640,000		

Reflects 10-year estimate of LCOG and LTD costs for overall administration of STIF program. Includes the outreach and recommendation, monitoring, reporting, and other administration activities. The project is progressing as scheduled. The actual grant application was submitted May 1, 2019; approval of the plan as submitted has not yet been received.

PROJECT DESCRIPTIONS

State of Good Repair - Fleet

Accessible Services Vehicle Replacement - Keys: 19106/19107/19485/19381/21003			:	#19-ASVEHR-0302012
FUNDING SOURCE	BUDGET	REMAINING	TIMELINE	PROJECT PHASE
LTD Match	149,790	36,138	FY 2019	Acquisition
ODOT 32010 - STF/FY18	7,043	0		
ODOT 32197 - 5310	61,534	0		
5310 - OR-16-X045	304,871	52,859		
5310 - OR-2017-026-00	232,854	74,729		
5309 - OR-04-0049	214,057	46,049		
Total Project	970,149	209,775		

The purchase of replacement and expansion vehicles for the provision of metro Accessible Services such as the American with Disabilities Act complementary paratransit service. The project is progressing as scheduled; the vehicles funded by the various specified grants have been received.

Diamond Express Vehicle -	#	#19-DMXVEH-0302013		
FUNDING SOURCE	BUDGET	REMAINING	TIMELINE	PROJECT PHASE
ODOT - 31455	169,069	0	FY 2019	Acquisition
ODOT 32010 STF - out of district	34,629	0		
Local - City of Oakridge	130,000	130,000		
Total Project	333,698	130,000		

The replacement of the highly problematic Diamond Express vehicle, currently being covered by an old 300 series bus. The communities of Oakridge and Westfir have come to depend on Diamond Express to access the metro area. The service acts as a lifeline and connects residents to local hospitals, shopping, schools, and employment. The project is progressing as scheduled; the Purchase Order for the replacement vehicle has been issued.

Florence/Yachats Vehicle - I	#19-F/YVEH-0302014			
FUNDING SOURCE	BUDGET	REMAINING	TIMELINE	PROJECT PHASE
STF - 31386	10,270	0	FY 2019	Acquisition
ODOT 31675 - 5311	89,730	0		
Total Project	100,000	0		

This vehicle is being paid for by a special one-off ODOT grant especially for this program. This vehicle will be a connector for Yachats and Florence. It will help the Yachats community have more access to medical care, education, and services for daily living. As previously reported, the replacement vehicle has been received. This project has been completed.

PROJECT DESCRIPTIONS

Five 40-foot Electric Buses (No/Low) - Key: 21155				#20-40FTEV-0302019
FUNDING SOURCE	BUDGET	REMAINING	TIMELINE	PROJECT PHASE

Total Project	4,200,000	4,199,787		

Procurement of five 40-foot electric buses in fiscal year 2019 to replace aging fleet. The project is progressing as scheduled. Two BYD buses are in revenue service; two additional buses have been delivered but have yet to be accepted for service.

Fleet Procurement Plan - Ke		#19-FLTPRP-0302021		
FUNDING SOURCE	BUDGET	REMAINING	TIMELINE	PROJECT PHASE
LTD Match	14,307	14,307	FY 2019	Secure Funding
STBG	125,000	125,000		
Total Project	139,307	139,307		

Transit vehicles have a lifespan of approximately 12 years. As LTD considers further electrification of its fleet, as well as other fuel types, it will need to determine how to make that transition and what types of vehicles will allow it to continue to provide high-quality service to the community while lowering its environmental impact and controlling operating and maintenance costs. This plan will assist LTD in strategically investing in its fleet during this transition period and also in understanding what mix of vehicle types will maximize operational capacity in the long run. The Fleet Procurement Plan will also help LTD to understand when the capital costs of replacing transit vehicles is more cost effective than maintaining older vehicles. Activities necessary in order to process the required request to transfer FHWA funds to FTA are in progress.

PROJECT DESCRIPTIONS

Electric Bus Fleet Procurement - Key: 21389			;	#19-EBUSPR-0302022
FUNDING SOURCE	BUDGET	REMAINING	TIMELINE	PROJECT PHASE
LTD Match	168,673	168,673	FY 2019-2021	Secure Funding
CMAQ	1,000,000	1,000,000		
Total Project	1,168,673	1,168,673		

Transit vehicles have a lifespan of approximately 12 years. In its effort to be fiscally responsible, LTD has maintained many of its vehicles beyond 12 years. However, as vehicles age, maintenance costs increase, and this increase eventually offsets any savings generated by delaying the purchase of new vehicles. Many of LTD's vehicles are at the appropriate point in their lifespan to consider replacement.

LTD's Community Investment Plan identifies more than \$30,000,000 in vehicle replacement needs during the FFY18-21 grant period. Therefore, LTD is requesting \$1,000,000 in STBG funds to assist in the purchasing of two 40-foot, all-electric, transit buses. Each 40-foot, all-electric bus is expected to cost approximately \$850,000 for a total project cost of approximately \$1,700,000. Activities necessary in order to process the required request to transfer FHWA funds to FTA are in progress.

Replacement Parts - ACM - Key: 21326			i	#19-ACMPTS-0302023
FUNDING SOURCE	BUDGET	REMAINING	TIMELINE	PROJECT PHASE
LTD Match	175,560	175,560	FY 2019-2021	Project Initiation
5307 Formula - 1738-2018-8	702,240	702,240		
Total Project	877,800	877,800		

The purchase of replacement parts that are failing and/or unreliable as they have reached the end of their useful lives. This Associated Capital Maintenance (ACM) grant will be used for major bus components consistent with the provisions specified in the FTA circular (9030.1E). The grant application is in progress.

Spare Parts for Tooling for 1	#19-TOOLSP-0302024			
FUNDING SOURCE	BUDGET	REMAINING	TIMELINE	PROJECT PHASE
LTD Match	67,467	40,035	FY 2019	Rollout, Commissioning,

Total Project	2,412,000	519,568		

Transportation for eligible individuals who receive vocational benefits through Lane County Developmental Disabilities Services. Provides transportation to/from home and work. This is shared cost service offered through the RideSource Call Center. While this project is ongoing, this particular grant has been closed.

PROJECT DESCRIPTIONS

Lane County Coordination Mobility Management - Key: 21001				#19-MOBMGT-0154009
FUNDING SOURCE	BUDGET	REMAINING	TIMELINE	PROJECT PHASE
ODOT 32197 - 5310	297,313	0	FY 2019	Rollout, Commissioning,
ODOT 32010 - STF	34,029	0		Active
Total Project	331,342	0		

LTD oversees the coordination of transportation and transportation eligibility across a variety of transportation programs, including ADA paratransit, Medicaid Medical (NEMT) and Non-Medical, Veterans Transportation, and Crucial Connections (gap-based transportation) under its Mobility Management Program. Transportation eligibility assessments are conducted mostly in the homes of participants by a trained transportation coordinator. Assessments are conducted through three agencies, coordinated by Lane Council of Governments: LCOG Senior & Disability Services, White Bird Clinic, and Alternative Work Concepts. While this project is ongoing, this particular grant has been closed.

Mental Health and Homeless - Key:	20995			#19-MENH&H-0154010
FUNDING SOURCE	BUDGET	REMAINING	TIMELINE	PROJECT PHASE
ODOT 32197 - 5310	176,499	0	FY 2019	Rollout, Commissioning,
ODOT 32010 - STF	20,201	0		Active
Total Project	196,700	0		

Mental health transportation services in partnership with White Bird Clinic provides basic transportation for clients experiencing severe, persistent mental illness who are elderly, veterans, unhoused, and at/or below the national poverty level. The service is cost effective to the community by reducing crisis care for clients. While this project is ongoing, this particular grant has been closed.

Metro ADA Ops and Shopper Services - Key: 20991				#19-OP&SHP-0154011
FUNDING SOURCE	BUDGET	REMAINING	TIMELINE	PROJECT PHASE
Farebox	600,000	0	FY 2019	Rollout, Commissioning,
5310 Formula - OR-2018-024	232,138	0		Active
ODOT 32197 - 5310	281,009	0		
ODOT 32010 - STF-IN	1,091,719	0		
General Funds	4,027,276	0		
Total Project	6,232,142	0		

This is origin-to-destination service within the metro area for people unable to use regular bus service (some or all of the time) because of a disability. RideSource ADA meets the Federal Transit Administration-mandated ADA requirements, serving a ³/₄ mile boundary around the fixed-route service. The Shopper is a low-cost, neighborhood-based shopping shuttle operating within the same metro ADA boundary. The driver assists people with their groceries and packages and is currently operated by Medical Transportation Management. Transportation coordinators from White Bird Clinic, Alternative Work Concepts, and Senior and Disabled Services (S&DS) make in-person evaluations to determine eligibility. S&DS is a division of the Lane Council of Governments and the local Area Agency on Aging. While this project is ongoing, this particular grant has been closed.

PROJECT DESCRIPTIONS

Pearl Buck - Key: 20997				#19-PRLBCK-0154012
FUNDING SOURCE	BUDGET	REMAINING	TIMELINE	PROJECT PHASE
ODOT 32197 - 5310	173,700	0	FY 2019	Rollout, Commissioning,
Local Funds	133,280	0		Active
Total Project	306,980	0		

Pearl Buck Center contracts with RideSource to transport at-risk children attending Pearl Buck Preschool. RideSource is a central partner with Pearl Buck Center in providing children, whose parents have cognitive disabilities, with safe, dependable, door-to-door transportation to a specialized preschool program. While this project is ongoing, this particular grant has been closed.

Service Animal Pilot				#19-SVANML-0154013
FUNDING SOURCE	BUDGET	REMAINING	TIMELINE	PROJECT PHASE
ODOT 31386 - STF/State	86,578	0	FY 2019	Rollout, Commissioning,
General Funds	30,000	0		Active
Total Project	116,578	0		

A service animal "paw print" program, which expedites boarding processes. This grant has been closed.

South Lane Wheels Services - Key:	20991			#19-SLSRVC-0154014
FUNDING SOURCE	BUDGET R	REMAINING	TIMELINE	PROJECT PHASE
ODOT 32010 - STF	89,945	0	FY 2019	Rollout, Commissioning,
Total Project	89,945	0		Active

South Lane Wheels (SLW) provides service to the general public in the rural areas of South Lane County, including the communities of Cottage Grove, Dorena, Lorane, London, and Creswell, with transportation to Eugene-Springfield. This project provides matching for SLW's 5311 funding. Without SLW, the cost of providing transportation to the outlying areas would overtax the remaining system, create a service gap that may force residents to move to urban areas, and potentially undermine the effectiveness of the remaining businesses and community services. The project is progressing as scheduled.

Transit Host - Key: 20999				#19-TRHOST-0154015
FUNDING SOURCE	BUDGET	REMAINING	TIMELINE	PROJECT PHASE
ODOT 32197 - 5310	144,968	0	FY 2019	Rollout, Commissioning,
ODOT 32010 - STF	16,592	0		Active
Total Project	161,560	0		

Alternative Work Concepts contracts with LTD to provide the Transit Host Program, which allows people who otherwise would use paratransit services the additional support needed to use the fixed-route system for their routine trips. Transit hosts are located at the main downtown transfer station to assist with scheduled transfers from one bus to another, which enables people to reach their final destination. This added support mechanism results in a great cost savings to LTD, and, more importantly, means greater independence, self-worth, and empowerment to people with significant disabilities. While this project is ongoing, this particular grant has been closed.

PROJECT DESCRIPTIONS

Travel Training - Key: 20999				#19-TRVLTR-0154016
FUNDING SOURCE	BUDGET	REMAINING	TIMELINE	PROJECT PHASE
ODOT 32197 - 5310	131,468	0	FY 2019	Rollout, Commissioning,
ODOT 32010 - STF	15,047	0		Active
Total Project	146,515	0		

Alternative Work Concepts contracts with LTD to provide travel training to people with disabilities on the fixed-route bus system. The project is progressing as scheduled. Although the budget was revised to reflect actual total project cost/prior year's expenditures, the total project cost as reflected in the CIP remains unchanged.

Veterans Transportation - Key: 209	95			#19-VETTRP-0154017
FUNDING SOURCE	BUDGET	REMAINING	TIMELINE	PROJECT PHASE
ODOT 32197 - 5310	17,946	6,463	FY 2019	Rollout, Commissioning,
ODOT 32010 - STF	2,054	741		Active
Total Project	20,000	7,204		

Transportation for service members, veterans, and their families. Most trips funded are for critical medical needs or to provide a short-term, stop-gap solution while a permanent transportation plan is implemented in conjunction with the VA hospitals, Disabled American's Veteran's transportation program, and volunteers. While this project is ongoing, this particular grant has been closed.

Volunteer Coordination				#19-VOLCRD-0154018
FUNDING SOURCE	BUDGET	REMAINING	TIMELINE	PROJECT PHASE
ODOT 31386 - STF/State	108,700	108,700	FY 2019	Rollout, Commissioning,
General Fund (LTD Staff)	7,300	7,300		Active
Total Project	116,000	116,000		

The RideSource Call Center works to provide door-through-door service for people who need a high level of assistance and do not have other transportation options. Medical Transportation Management, Senior and Disabled Services, and the Senior Companion Program all participate in the support and recruitment of volunteers. Some volunteer programs provide long-distance transportation services to and from medical appointments. This program funds recruitment, retention, and training of volunteer drivers. The project was unable to be fully implemented as anticipated.

Volunteer Reimbursement - Key: 20)994			#19-VOLRMB-0154019
	BUDGET	REMAINING	TIMELINE	PROJECT PHASE
ODOT 32010 - STF	15,385	0	FY 2019	Rollout, Commissioning,
ODOT 32197 - 5310	134,420	0		Active
Local Funds	20,400	0		
Total Project	170,205	0		

This is a door-through-door service for people who need a high level of assistance and do not have other transportation options. Medical Transportation Management (MTM), Senior and Disabled Services, and the Senior Companion Program all participate in the support and recruitment of volunteers. Volunteer drivers using their own cars receive a per mile reimbursement. MTM volunteers often use agency vehicles. The program serves older adults and people with disabilities throughout Lane County. While this project is ongoing, this particular grant has been closed.

ODOT - 32359	30,724	-	FY2017-2019	Rollout, Commissioning,
Total Project	30,724	-		Active

Develop a host of tools for the local business employer transportation coordinators to use to assist their employees with accessing transportation options information. The project is designed to develop a Transportation Options (TO) Liaison Toolkit to create a cadre of community transportation option information specialists. This is funded by ODOT as a demonstration project to help all TO providers in Oregon with new tools when working with employers. It is outlined in the Point2point five-year strategic plan that is directed by all local jurisdictional transportation staff. The project has been completed; this grant is closed.

Safe Routes to School Assistants - Key: 21147				#19-SRTSAS-0146003

Total Project	50,462	50,462		

Safe Routes To School (SRTS) program assistants work closely with the school district SRTS coordinators implementing enhanced SRTS encouragement events, expanded education, and outreach services at the three local school districts (Bethel, Eugene, and Springfield). This program has proven to affect behavior change and school-age travel choices to and from school. This effort supports all local partner agency transportation goals and is a priority to all of them. The project is progressing as scheduled.

Total Project	90,851	90,851		

Develop short-term bicycle parking at three local school districts to improve the worst bike parking supply as rated in the Safe Route To School Regional Bicycle Parking Assessment. This effort is to help improve deficiencies in local school district bike parking facilities and in turn make it easier for local students to bike to school, which is a regional partner agency priority. The project is progressing as scheduled.

The Regional Safe Routes to School (SRTS) mission is to serve a diverse community of parents, students, and organizations advocating for and promoting the use of transportation options including active transportation and the practice of safe bicycling and walking to and from schools throughout the Central Lane MPO area. The Eugene-Springfield SRTS program provides in-class pedestrian safety to second grade students and in-class bicycle safety education to fifth or sixth grade students throughout the regional school districts. These programs teach students how to walk and bike safely. They also encourage active travel and promote safe travel behaviors, which in turn can result in future safe drivers. This is a regional priority outlined specifically in local TSPs, the state transportation options plan, and the Point2point five-year strategic plan. The program is growing exponentially, and this helps meet some of that demand. Activities necessary in order to process the required request to transfer FHWA funds to FTA are in progress.

This project supports funding for three district Safe Routes To School programs in order to maintain the current level of K-8 programming in the 4J, Bethel, and Springfield school districts from FFY 2019-2021. This is a regional partner/agency priority and is listed in all local TSPs, the state transportation options plan, and the Point2point five-year strategic plan. It has multi-year committed funding. The project is progressing as scheduled.

This program provides a variety of positive marketing opportunities for LTD and more importantly provides options for the region's travelers to use a variety of transportation options in the region. Point2point does extensive year-round outreach and education about how to use the options and does a great deal of education on how to access and trip plan using the LTD fixed-route and accessible services transportation. The face-to-face outreach component provides a human face to the services we provide. Direct services include the management of the Valley Vanpool Program (17 vans), Emergency Ride Home, Drive Less Connect Ridesharing software for Lane County, lead the Business Commute Challenge and the Oregon Drive Less Challenge in Lane County, and lead the Regional Safe Routes to Schools Program. The Point2point program is supported by local and state partners, and it helps meet the regional goals around improving transportation system efficiency and climate recovery. While the project is ongoing, funds allocated for grant 32517 for this fiscal year have been exhausted.

LTD will conduct public outreach (SmartTrips) relative to the enhanced EmX service, which will be beneficial to the business community. Increasing awareness of transportation resources and the various options available, in addition to the enhanced EmX service, will facilitate the establishment of long-term and sustainable transportation practices. This is a priority to the City of Springfield and helps meet the regional goals around transportation system efficiency. The project is progressing as scheduled. LTD continued to conduct neighborhood outreach, as well as to the business community during the reporting period.

Operation of Point2point-Valley Vanpool program. Manage interest and help conduct outreach on the vanpool program and help attract new riders. Manage issues with the vanpools as they arise. Manage pick-up and drop-off locations. The vanpool program helps reduce 2,000,000 miles on Interstate 5 each year and helps meets the state and local goals to lower congestion and reduce carbon emissions. The project is progressing as scheduled.

LTD REGULAR BOARD MEETING September 18, 2019 Page 90 of 99

LANE TRANSIT DISTRICT

Five Year History of Passenger Boardings

MONTHLY DEPARTMENT REPORTS

September 18, 2019

OFFICE OF THE GENERAL MANAGER

Aurora Jackson, General Manager

EXECUTIVE OFFICE

STF and STIF Consolidation Advisory Committee

Two programs that fund public transit in Oregon are being merged: the Special Transportation Fund (STF) and the Statewide Transportation Improvement Fund (STIF). The STF was created in 1985 by the Oregon Legislature to support transportation services for people who are older and for people with disabilities of any age. The STIF is a new dedicated source of funding for improving or expanding public transportation service in Oregon.

The consolidation will reduce redundancies and improve funding reliability for public transportation providers throughout the state; it is a requirement of House Bill 5039 (ODOT's 2019-2021 Legislatively Adopted Budget). To guide a smooth transition, ODOT is launching a Consolidation Advisory Committee to inform changes needed to consolidate the two programs.

The STF and STIF Consolidation Advisory Committee will hold its first two meetings this month. The goal is to advise ODOT on the key elements that would guide statutory changes needed for the merger. The advisory committee will hold a minimum of five meetings in September and October.

The committee includes representatives from public transportation service providers and advocates from several groups: those representing seniors, people with disabilities, equity and environmental justice, and social and human service agencies.

Meetings:

- Sept. 10, 2 p.m. 5 p.m., Oregon Department of Transportation Building X, 885 Airport Rd, SE, Salem.
- Sept. 11, 9 a.m. Noon, Oregon Department of Transportation Building, Gail Achterman Room, 355 Capitol St. NE, Salem.

PLANNING AND DEVELOPMENT

Tom Schwetz, Director of Planning and development

No report this month.

SERVICE DELIVERY & ADMINISTRATION

Mark Johnson, Assistant General Manager

FINANCE

Christina Shew, Director of Finance

District's meeting with the DOR on August 13, 2019

The District met with the Department of Revenue (DOR) team on August 13, 2019. This was a follow-up meeting from the June 27, 2019, meeting. The purpose of this meeting was to collaborate on a reporting structure/data and frequency to improve the District's ability to proactively detect errors and to forecast accurately. A tangential purpose was to follow-up on the possibility of leveraging the DOR database for a Sustainability Cities Year Project centered around payroll tax trends, correlations with leading indicators, and an allowance reserve calculation for overpayments/amended returns.

- Clear information on our top 20 customers (e.g., 2016+ quarterly information on what they owed, paid, expected to pay, amendments, refunds)
- Collaboration on:
 - Exceptions/oddities/red flags identified in the top 20
 - Business changes in our District (e.g., businesses that are opening, expanding, or closing)
- Automation of debt outstanding
- Monthly meetings. The next one is expected to be in September at the DOR office, including a tour

BUSINESS SERVICES

Collina Beard, Director of Business Services

No report this month.

INFORMATION TECHNOLOGY

Robin Mayall, Director of Information Technology & Strategic Innovation

HUMAN RESOURCES

David Collier, Director of Human Resources & Risk Management

No report this month.

ACCESSIBLE AND CUSTOMER SERVICE

Cosette Rees, Director of Customer & Specialized Services

New Coordinated Care Organization (CCO)

In July 2019, the Oregon Health Authority, who manages Medicaid in Oregon, announced an additional CCO in Lane County. This brings a second CCO to Lane County to coordinate benefits for individuals who are eligible for Medicaid services, including transportation to/from eligible services (NEMT). This will be effective January 1, 2020.

LTD currently provides this contracted service through the single CCO, Trillium Healthcare. LTD is in negotiation with PacificSource to enter into an agreement to coordinate and provide NEMT services for their clients. LTD believes our one-call brokerage, RideSource, will continue to provide residents of Lane County convenient access to the NEMT benefit and other programs managed through the center. We believe this change can be made seamlessly for the customer, most of whom we already serve.

EmGo Launched August 23 at Eugene Marketfest

LTD's newest on-demand service debuted on August 23 and 24 at Marketfest in downtown Eugene. We carried 28 passengers on Friday and 45 passengers on Saturday. The service operated four hours each day, and was well used and well received. In addition, LTD had a booth at the event featuring an EmGo logo, where we assisted visitors to download the app, learn how easy it is to use, and check out the vehicle. The vehicle was a major draw; visitors liked the electric propulsion and that it is a fairly small vehicle.

In its first full week of service, EmGo completed 110 trips transporting 145 passengers using 2 vehicles. Sixty-six of the trips were called using the mobile app; 41 of the trips we walk ups; 3 were requested using the web portal.

Cottage Grove Connector

During the month of August, the Cottage Grove Connector on-demand service carried 1,950 riders to their destinations within the City of Cottage Grove, and connected to destinations beyond.

MARKETING AND COMMUNICATIONS

Theresa Brand, Transportation and Outreach Manager

Sponsorships/Donations

- National Night Out (NNO) Event LTD provided day pass coupons for participants to attend the National Night Out event in on August 6. NNO is an annual community-building campaign to showcase local law enforcement agencies and foster relationships throughout the community (August 6, 2019).
- Project Hope LTD provided free rides for participants to attend their community Kids' Fair. Project Hope is a coalition of area churches and businesses that coordinate the distribution of free shoes and free school supplies for youth in the region. More than 5,000 youth are served during this event. (Aug. 25, 2019)

Public Engagement/Outreach/Participation/Partnerships

- LTD partnered with the City of Eugene to promote the Eugene Cultural Services BRIDGE Exhibition. They installed artwork on two bus stops in downtown Eugene during the month of August to coincide with the City of Eugene Visual Arts Week and the Mayor's Art Show. This project is meant to expose contemporary art to the community as a whole.
- EmGo was "unveiled" with a fun media/partnership event on August 14. VIP's were able to ride in the vehicles and even drive them around the LTD bus lot.
- EmGo was launched on August 23 at the MarketFest. Because of the publicity surrounding the launch, people were very enthusiastic and came to the booth to see the vehicle and were excited to begin using the service. Over the weekend, LTD and partner agency staff talked to hundreds of people about the new service.
- 1Pass Sales We will be reporting in October when final information is obtained from Willamalane.

TouchPass

Staff continues efforts for messaging and outreach of the new program. Information was distributed to all community newsletters, media outlets, and partners, along with outreach at both Eugene and Springfield Station.

- Passenger Downloads to date 926
- Boarding's as of August 27 4,552

Continued efforts are ongoing surrounding the integration of the Not-for-Profit agencies and the Group Pass Organizations slated to be in place by January 1, 2020.

Student Transit Pass

Staff attended a regional school superintendents meeting to discuss and begin conversations about the Student Transit Pass. Communication (flyers) for school districts to distribute to their students/parents about the current process were sent out to school districts in English, Spanish, Cantonese, and Mandarin.

Communications/articles were distributed to:

- a) All regional community newsletters for publication,
- b) Media groups,
- c) On social media,
- d) With regional partners to have them promote the program within their media channels.

POINT2POINT (P2p)

Theresa Brand, Transportation Outreach and Marketing Manager

West Eugene Emx Corridor Outreach

Staff continued efforts to promote the use of transportation options along the West Eugene EmX Corridor, in conjunction with congestion mitigation outreach efforts around the Highway I-105 construction project. These efforts have included a targeted campaign in the Jefferson Westside Neighborhood (JWN) and Whiteaker Community (WC), encouraging residents to enroll in the new Get There platform and explore their transportation options in light of heavy traffic in their neighborhood. As part of this effort, P2p staff have hosted four "Tune-Up Tuesday" events in the JWN and WC, offering free bike tune-ups and reflective helmet stickers to attendees.

Planning and preparation for further outreach to the JWN, WC, other neighborhoods and employers along the West Eugene EmX Corridor, and the general traveling public continues and will be implemented over the next four months.

Lessons learned from this outreach will inform future construction mitigation efforts as the I-105 project continues into 2020.

Employer Programs

Plans for promoting and evaluating the ETC toolkit are in place, and will commence pending final revisions which reflect the switch from Drive Less Connect to the new 'Get There' statewide ridesharing database sponsored by the Oregon Department of Transportation.

Get There

The **Get There Challenge** will be held October 7 - 21. This is a two week transportation options challenge that is open to anyone over 18 years old taking any type of non-driving alone trip. It is co-sponsored by ODOT.

P2p has begun soliciting sponsors and prizes locally and currently have a commitment of \$3,500 from three sponsors with \$4,142 in total prize donations.

The team is assembling Get There Challenge Promo Packs to deliver be to all employers enrolled in the Get There platform.

School Programs – Safe Routes to School (SRTS) Outreach Programs

The P2p Schools Coordinator has begun the onboarding process for the new Bethel SRTS Coordinator which was hired in July by Bethel School District. Hilary Mankofsky brings a background in early childhood education and non-profit management with her.

Planning for this year's October Walk + Roll to School events is underway. Last October (2018), the Regional SRTS team engaged 2,231 students in Walking and Biking events.

Be Seen Be Safe

Be Seen Be Safe events have been scheduled for September 17 at Grocery Outlet on River Road in Eugene, and on September 19 at Grocery Outlet on River Road in Springfield. Staff will be on hand between 4:00 p.m. – 6:00 p.m. to hand out bike and pedestrian safety lights – while supplies last. These events focus on safety awareness while talking and biking, and the distribution of safety related gear to enhance traveling safety.

The first of the rural Be Seen Be Seen events will be held in Coburg during their Fall Festival event on September 27, from 5:00 to 8:00 p.m. In late October or early November, staff will host two other rural Be Seen Be Safe events in Florence and Cottage Grove. Dates and locations for these events are still to be determined.

Outreach & Education

P2p staff conducted outreach and shared transportation information at the following community events:

Date	Event	# of Participants
8/6/2019	National Night Out	64
8/6/2019	Tune-up Tuesday – Westmoreland City Park	30
8/13/2019	Tune-up Tuesday – Jefferson City Park	35
8/15/2019	Eugene Emeralds Community Spotlight	250
8/20/2019	Tune-up Tuesday – Monroe Park	40
8/20/2019	Campbell Center Ice Cream Social	100
8/27/2019	Tune-up Tuesday	40
Total		559

FACILITIES

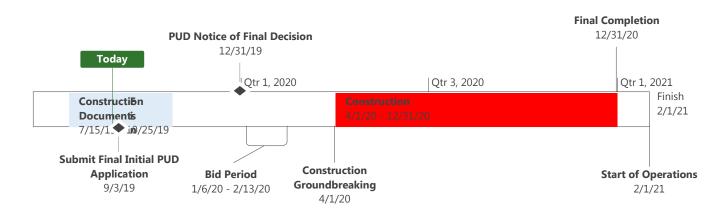

Joe McCormack, Director of Facilities

McVay EmX Stations

Construction of the new McVay EmX Stations should be complete by November 1, 2019. Upon completion of construction, operators will commence training prior to the stations being opened for revenue service.

Santa Clara Transit Station

The City of Eugene approved the Tentative PUD on April 26, 2019; there was a Public Hearing held in June. As no appeals were made, the Public Hearing Official's decision became effective July 17, 2019. The Design Team and LTD staff are actively progressing on construction documents.
